

CULTUS LAKE
PROVINCIAL PARK
Horse Trails

A maintained horse trail, also used by hikers and cyclists, connects Edmeston Road at the north end of the park with Watt Creek Trailhead. Horses are not permitted on Road 918. The horse trail is open all year but the parking lots are closed during the off-season. There are approximately 20 km of compact gravel and shale horse trails. Camping and stop-overs in day-use areas are not permitted with horses.
