

Welcome to the Park

Set on the shore of Nicola Lake, Monck Provincial Park offers a wide assortment of recreational activities. A very popular family-oriented campground in a hot, dry setting, this park is very busy during the summer season. In addition to providing recreational opportunities, Monck protects a ponderosa pine, bunchgrass ecosystem and a volcanic rock cliff landscape.

Things to Do

A 5 km self-guided interpretive hiking trail loops around the park and is best started from the upper end.

There are 40 picnic tables; 15 tables are sheltered.

There are regularly scheduled interpretive programs offered during the summer season.

There is a sandy beach with buoys sectioning off the swimming area. The beach shelves quickly to deep water - swimmers need to use caution.

Canoeing, waterskiing and kayaking opportunities are available; however, extreme caution should be used due to the high winds occurring daily on the lake. These boats should stay close to shore.

There are 26 species of fish in the lake! An appropriate fishing licence is required.

Daily high winds on the lake make for great windsurfing.

Excellent bird-watching spring and fall. There are deer and bear sightings in the fall.

Visitor Services

During the collecting season a sani-station/dump is available and a \$2 fee is charged for the service.

Monck provides 120 vehicle accessible campsites, including 17 double sites.

There are potable water posts located throughout the campground.

The flush toilet buildings each have 2 stalls that are wheelchair accessible.
