

The following 1 : 50 000 topographical maps cover the Monkman Pass Memorial Trail Hiking Route:

• 93 I/14 Kinuseo Falls

• 93 I/11 Monkman Pass

• 93 I/6 Spakwaniko Creek

The hiking trail passes through remote, challenging terrain, subject to extremes of weather conditions which include heavy snowfall and flooding. It is for experienced hikers. Satellite phone and GPS unit are necessary items. The purpose of this list, which provides details on GPS locations for the entire length of the 63 kilometre route, is to ensure that hikers stay on the trail in the subalpine, alpine or recently constructed sections, and to enable hikers to identify their position accurately in case of the need for evacuation.
