

**Celebrating a Decade of  
Discovery 2001-2011**

**Skagit Valley Provincial Park**  
**North Cascades National Park**

**Interpretive Ranger Programs**  
**Sept. 2 - 4**

**FRIDAY**

**8:00 PM** Evening Program – Happy 100<sup>th</sup> Birthday BC Parks!

**Where:** International Point Amphitheatre

Today parks are sometimes taken for granted, but a century ago the idea of setting aside land for protection and recreation was just beginning to take hold. Join the Rangers to celebrate 100 years of BC Parks and test your knowledge in our interactive game.

**SATURDAY**

**10:00 AM** Jerry's Ranger/Junior Ranger Program – Home Sweet Home

**Where:** International Point Amphitheatre

Where do you live? In a house? An apartment? A tent (at least for the weekend)? What about the animals of the Skagit Valley? Where do they make their homes? Join the Rangers for this interactive program about the interesting and sometimes surprising places that animals choose to live. Program length is approximately 45 minutes.

**4:30 PM** Nature Talk – The Bear Necessities

**Where:** Winnebago Flats camping area (North Cascades NP)

Join the Rangers for a hands-on talk about one of our most popular, frequently seen and sometimes feared large mammals. What's necessary to know for a visit to bear country? Bring chairs as seating may be limited.

**8:00 PM** Evening Program – Guest Speaker Series: Geology of the North  
Cascades

**Where:** International Point Amphitheatre

Join special guest John Riedel, North Cascades National Park Geologist, to learn how awesome geologic forces shaped the beautiful landscape that surrounds you.

All programs are funded by

## **SUNDAY**

### **10:00 AM** Jerry's Ranger/Junior Ranger Program – Survive and Thrive

**Where:** International Point Amphitheatre

Join the Rangers for some fun games to learn what animals and plants need to live, grow and reproduce. Will you survive and thrive? Program lasts approximately 45 minutes.

### **4:30 PM** Nature Talk – Wolves and Wilderness

**Where:** Winnebago Flats camping area (North Cascades NP)

In the North Cascades we are surrounded by wilderness, but for decades the picture has been incomplete. Come learn about wolves, and why they are essential not only to the ecosystem but to a sense of wildness.

### **8:00 PM** Evening Program – The Last Grizzly of Paradise Valley

**Where:** International Point Amphitheatre

Join the Rangers for a viewing of the River Road Films Production “The Last Grizzly of Paradise Valley.” This 48 minute BBC documentary follows the film maker’s search for a grizzly bear in the North Cascades of British Columbia and some of the other wildlife he encounters along the way.
