Source: Parks Attendance System (data extracted on May 28, 2008), Corporate Services Division (data extracted on May 28, 2008)

Notes:

- 1) Due to counter malfunctions, a three year average (2003-2005) was used for fiscal 2006 day use attendance data for Rath Trevor and Stemwinder.
- 2) Due to counter malfunctions, a three year average (2004-2006) was used for fiscal 2007 day use attendance data for Princess Louisa Marine, Juniper Beach, Syringa, Fintry, James Chabot, Macmillan, Mount Assiniboine, Nancy Greene, and Silver Star.
- 3) The counter in One Island Lake was counting construction vehicles outside the park entrance during the month of July 2006. A two year average between 2005 and 2007 for this month was used as there was no attendance collected before 2005.
- 4) Due to recording errors, a three year average (2003-2005) was used for fiscal 2006 camping attendance for Skihist.
- 5) Due to counter malfunctions, a two year average (2005-2006) was used for fiscal 2007 camping attendance for Momich Lakes. The three year average was not used because attendance was not collected before 2005.
- 6) Due to incorrect recording of data from a two-way counter at the entrance of Miracle Beach, the day use attendance numbers were reduced by half for 06/07.
- 7) Due to recording errors for boating use in Desolation Sound Marine and Princess Louisa Marine, a conservative estimate of 70% of the 06/07 attendance was used for the 07/08 season. This percentage was supplied by the PFO for these parks.
