Snowmobile Access Strategies

1. Snowmobiling is only permitted between December 15 and April 30.
2. Trails will be used as conditions allow. Upland areas will be closed during snowmobiling.
3. The trail to the “Green Roof Cabin” will be closed after February 15 and will be used for emergency purposes only.
4. The Blackwater Trail is open all winter season.

5. Where the 66 km strenuous Slate Falls, the 86 km strenuous Rainy Mountain Trail, and the 45 km moderate Paddy Lake Trail are open for use, only snowmobiles may be used.

Warning:
The snowmobiles are a fun and exciting way to enjoy winter recreation. However, it is recommended that all riders possess a minimum of snowmobile safety and emergency equipment.

Trail Closed After February 15
