

SEEKING YOUR INPUT FOR THE DZAWADI/KLINAKLINI ESTUARY CONSERVANCY

What are your views?

The Ministry of Environment and the Da'naxda'xw-Awaetlatla First Nation are in the process of developing a management plan for the Dzawadi/Klinaklini Estuary Conservancy. An important part of this process is obtaining the public's views about the value of the resources in this area and the kinds of issues that should be considered in the management plan into the future.

The comments collected during this process will be synthesized and reported on this website.

We need your help in preparing the management plan. Would you please take a few minutes and share your comments?

Before completing the form you may want to look at some background information about the Dzawadi/Klinaklini Estuary Conservancy. The Dzawadi/Klinaklini Estuary Conservancy web page provides a quick overview of the area, a location map of nearby conservancies, parks and protected areas and a map of the conservancy. It can be found here:
