

# **Tsylos Provincial Park**

## **2006 Update**

- Boat Launch at the North End was repaired
- Tables planks at the North End were removed and replaced with clear coat cedar planks
- Trail clearing in the Rainbow/Yohetta area was undertaken this year with a contract to the Xenii. Additional funding was applied for in 2007 and will depend on budget
- Wells at the two campgrounds were tagged as per the Drinking Water Regulations
- As part of the co-management of Tsylos with the XGFNG, their logo will now be on all signage for the park
- North End road maintenance, have talked with Highways and the road at the north End will be graded occasionally even though this is outside the park to make access easier.
- Inspections of each of the campgrounds were carried out this year.
- Bull Trout Study
- Old Forest Rec Outhouse at the North End was removed and filled in. Site is still serviced by two newer ones installed by BC Parks
- Two firepits were added to the campground at the North end to replace missing ones
- Website updated to state rough 2 wheel drive road access to both campgrounds

## **2007 Plan**

- Funding Applied for to install a gate at Nu Chugh Beniz and will depend on Budget
- Ongoing support for the Wildhorse Ranger program
- Funding applied for to continue work on trail clearing in the Yohetta/Tchaikazan area
- Review of all PUP and Land Tenures in the Park
- Conduct on the ground inspections of PUP/Land Tenure sites
- Move forward on Bull Trout study
- Harry and the Junior Ranger to attend BC Parks Ranger training in Williams Lake
- GPS purchased for Harry and we will work with him to train him on using it
- Re-install traffic counter at the North End Campsite so that we can get a handle on actual day use numbers.
- Tullin Trail to be re-marked
- New park boundary sign purchased this year, to be installed next year to clearly mark boundary along road.
- Install sign-in station or trail counters on Yohetta/Tchaikazan trail to assess usage.

## **Management Issues**

- First Site at Gwa Da Tish Campground (walk in site only)
- Day Use Area Use and input
- Tsunnia road issues/access issues/ATVs
- Pine Beetle Concerns
- Other issues
