Please complete the Annual Report form for Pesticide User Licence holders or Permit Holders if you are a:

- Licence holder reporting any pesticide use other than treatments to more than 20 ha of private forest land owned or managed by a single entity; or
- Permit holder

Confirmation or Licence Holder Name: _____
Address: _____
City, Postal Code: _____
Confirmation or Licence No: _____

- Report all non-Excluded class pesticides used over the last calendar year (January 1 – December 31).
- Complete this record accurately. The most common mistake in completing these records is writing down the wrong P.C.P. Act Registration Number.
- The only acceptable units for reporting quantities used are kilograms of product (not “jugs”, “cases”, “mL” etc.). Record the amount used from the product container before mixing. Do not report diluted quantities. Do not report the quantity of active ingredient. For this report you may consider 1 L of product to weigh 1 kg.
- Record each separate product on a separate line.
- Submit this summary to the Administrator, *Integrated Pest Management Act* before January 31.

Description of the treatment location (also enclose a map)<sup>1</sup>: \_\_\_\_\_

Total size of the area treated<sup>2</sup>: \_\_\_\_\_

Total size of the area treated with non-pesticide pest control methods: \_\_\_\_\_

Annual Summary of Pesticide Use

Pesticide Product Brand Name	Active Ingredient(s)	P.C.P. Registration Number	Quantity Used (kg)	Size of Area Treated	Methods of application

Use additional space on reverse and/or attach additional sheets if needed.

**Please complete, sign and date this report on the reverse of this form.**

<sup>1</sup>Describe the treatment location and attach one or more maps identifying the gross boundaries of the treatment location. The map(s) should contain enough detail for the ministry to be able to locate the treatment location(s) with respect to towns, major roads or other named geographic features.

<sup>2</sup> Total size of the area treated with pesticides and non-pesticide pest control methods
