Definitions and Interpretations

The following interpretations are provided for guidance purposes only and are not complete. For complete definitions see the *Integrated Pest Management Act* Regulation

Pesticide uses that Require a Confirmation (refer to *Integrated Pest Management Act* Regulation 24 (2))

Note: total land areas or numbers of poles refers to totals managed by a single entity (owner or manager).

- (a) Management of vegetation or preservation of wood on more than 20 ha a year of public or private land that is used as a railway right of way, yard or associated signal or communication facility.
- (b) Management of vegetation on more than 20 ha a year of public or private land that is used as:
 - a highway, as defined in the *Transportation Act*,
 - a facility or right-of-way for a public utility as defined in the *Utilities Commission Act*,
 - a facility or right of way for the delivery of water, not including a pipes used to distribute water to consumers in a community, or
 - a pipeline, as defined in the *Petroleum and Natural Gas Act*, and associated facilities.
- (c) Management of mosquitoes, using bacterial pesticide, on more than 1 ha a year of public land that is a body of water.
- (d) Preservation of more than 1000 wooden poles in a year on public or private land that is used as a highway, or a facility or right of way for a public utility as defined in the *Utilities Commission Act*.
- (e) Management of forest pests on more than 20 ha a year of public land that is used for timber production or forested.
- (f) Management of vegetation on more than 20 ha a year of public land that is used as an industrial site other than an industrial site described in paragraph (a) or (b).
- (g) Management of noxious weeds or invasive plants on more than 50 ha a year of public land.
- (h) Management of mosquitoes on public land, other than with a bacterial pesticide applied to a body of water (not including aerial application to land in an urban area or used for residential purposes).

“industrial site” means an area of land on which is located industrial infrastructure and ancillary works, including, without limiting this,

- (a) facilities for manufacturing or processing,
- (b) mines, well sites, equipment yards and other facilities for or ancillary to energy production or resource extraction,
- (c) highways, transmission lines, pipelines, railways, associated rights of way and other facilities for storing or distributing products, energy or resources,
- (d) incinerators, landfills, sewage treatment plants and other facilities for the disposal or treatment of waste,
- (e) dams, dikes and reservoirs, and
- (f) facilities operated as public airports,

but does not include landscaped land;

“landscape” means an area of land that has been improved by planting with ornamental plants or is maintained for ornamental purposes;

“public land” means

- (a) Crown land that is not private land,
- (b) bodies of water, and
- (c) land that is owned or leased for its own purposes by
 - (i) a local authority described in paragraph (a), (b), (c), (d) or (e) of the definition of that term in the Schedule to the *Community Charter*,
 - (ii) a university, or an institution, as defined in section 1 of the *College and Institute Act*,
 - (iii) a board, or a francophone education authority, as defined in section 1 (1) of the *School Act*,
 - (iv) a regional hospital board, or a regional hospital district, as defined in section 1 of the *Hospital District Act*, and
 - (v) a government corporation as defined in section 1 of the *Financial Administration Act*,
