Vancouver BC V6C 3E8

Dear Ms. Thayer:

Thank you for your proposed addendum and consultation summary, dated September 11th, 2009 to the Electronic Stewardship Association of BC's (ESABC) Product Stewardship Plan. In your submission, I have received a table of products to be added to be added to ESABC's Product Stewardship Plan (originally approved on December 18th, 2006) and a consultation summary for this proposed amendment.

I have completed my review of these documents and am satisfied their inclusion in the plan meets the requirements of the Recycling Regulation. I hereby approve this amendment to the ESABC Product Stewardship Plan.

This approval comes with my understanding that, in accordance with Section 6 of the Regulation, and as per our discussions on Sept. 11, 2009 ESABC will completely review and submit an amended product stewardship plan not later than five years from the original approval date (December 18th, 2006) of the plan. It is my expectation that ESABC will consolidate all amendments, addendums and other pertinent information into a single plan document during this or any other reviews. Further, it is my expectation that ESABC will consult with stakeholders on its amended plan in its entirety prior to submission.

Please be advised that this approval does not extend to any materials or content contained in the addendum and consultation summary that are extraneous to the requirements of Section 5 of the Recycling Regulation.

Sincerely,

David Ranson,
Director, Environmental Management Act
