

Environmental Protection File No.: _____

**APPLICATION FOR A PERMIT UNDER THE PROVISIONS OF
THE ENVIRONMENTAL MANAGEMENT ACT
(Air)**

THIS APPLICATION is to be filed with the Regional Waste Manager at 1011 4th Avenue, Prince George, British Columbia, V2L 3H9.

Any person who may be adversely affected by the granting of a permit may, within 30 days after the last date of posting, publishing, service or display under Section 7 of the Public Notification Regulation, write to the Regional Waste Manager stating how he or she is affected. The identity of any respondents and the contents of anything submitted in relation to this application will become part of the public record. Letters of concern are forwarded to the applicant

PREAMBLE - The purpose of this application is _____

1. I/We _____
(Full name, or if a company, British Columbia registered name)

of _____
(Local Address)

hereby apply for a permit to discharge or emit contaminants from _____

(Describe facility or source)

located at _____ and give notice of application to all persons affected.
(General location)

2. The land upon which the treatment works will be located is _____
(Provide legal description & latitude and longitude)

3. The discharge will be located at _____
(Provide legal description & latitude and longitude)

4. The sum of combined flue gas discharges (@ 20°C, 1 atm. pressure, dry basis):
Maximum (related to blowdown operations, etc.);

_____ ; _____ ; _____
(m³/s) (e.g. minutes/hour or hours/day) e.g. times/hour or times/day

Average daily (based on operating period) _____
(m³/s)

The operating period during which the contaminants will be discharged is _____

(hours/day, days/week or date to date)

5. The characteristics of the contaminants discharged are as follows: (sum of combined sources)

Significant Contaminants (SO ₂ , NO _x as NO ₂ , CO, VOC's, etc.)	Combined Mass Emission Rate (g/s)		Air Dispersion Modeling Results (Combined Sources),(as applicable)		
	Average Daily	Maximum	Contaminant	Maximum Conc. (□g/m ³)	Distance from Source (m)
			Emergency Flare SO ₂		
			Typical SO ₂		
			NO _x as NO ₂		

6. The type of treatment to be applied is _____
(incineration, catalytic conversion, steam injection, etc.)

7. Dated this _____ day of _____, 20 _____

(PRINT name of applicant or agent)

(Signature of applicant or agent)

Telephone Number _____

Contact Person _____

ADDITIONAL INFORMATION

- or, if the number of individual sources exceeds the space provided, use Supplemental Information table(s) -

Source Description (flare stack, compressor drive, etc.)					
Flue Gas Discharge Rate (m ³ /s) (20°C, 1 atm, dry basis)	Maximum				
	Average				
Operating Period (h/d, d/yr, etc.)					
Maximum Daily Mass Emission Rate (SO ₂ , NO _x as NO ₂ , H ₂ S, CO, VOC's, etc.)	SO ₂				
	NO ₂				
Type of Treatment (incineration, etc.)					
Equipment Description (make, model, etc.)					
Equipment Power Rating (kW)					
Fuel Type (% H ₂ S, as applicable)					
Elevation at Base (m, geodetic)					
Stack Height (m)					
Stack Top Inside Dia. (m)					
Stack Flow Exit Velocity (m/s)					
Stack Gas Discharge Temp. (°C)					

POSTING REQUIREMENTS

In accordance with Section 5 of the Public Notification Regulation, within 15 days after the date of application, a readable copy of the application must be posted in a conspicuous place at all main road entrances to the property for a period of not less than 30 days. If the application is for a Reviewable Project, or at the discretion of the Regional Waste Manager, the applicant may be required to post the application on a billboard as specified in Schedule B of the Public Notification Regulation.

A copy of this application was posted at the site on the _____ day of _____, 20__

(Signature of applicant or agent)

PUBLICATION AND NOTICE REQUIREMENTS

Publishing of this permit application will be required in accordance with Section 6 of the Public Notification Regulation. The applicant will be notified by ministry staff with publishing instructions. The applicant is responsible for all expenses incurred in publishing the application.

If the applicant does not own the property associated with the discharge, emission or storage, the applicant must mail or deliver a copy of the application to the owner of the property, and provide proof to the Regional Waste Manager, within 30 days after the date of the application that the property owner has been advised of the application.

AGENT AUTHORISATION

The applicant may elect to appoint an agent to deal directly with Environmental Protection. To appoint an agent, please complete the following:

I/We hereby authorise _____
(Contact person, Company name, address, telephone number)

to deal with Environmental Protection directly on all aspects of the subject permit application.

(Date)

(Signature of applicant)

(Print name of applicant)
