LIMITED ENTRY HUNTING

Limited Entry Hunting, or LEH, is a system by which hunting authorizations are awarded to resident hunters based on a lottery, or random draw. The purpose of LEH is to achieve wildlife management objectives and maintain hunting opportunity.

LEH seasons are introduced where it has become necessary to limit the number of hunters or limit the number, class or sex of animals that may be taken. The following species of game are available under

LEH within certain areas of the province: Bison, Caribou, Elk, Grizzly Bear, Moose, Mountain Goat, Mountain Sheep, and Mule (Black-tailed) Deer. All of these species, with the exception of Bison and Grizzly Bear, may also be available through a General Open Season, or GOS.

Although 'general' open seasons may precede or coincide with LEH seasons for the same species in the same area, the class of animal available during the 'general' open season will often be different from the class of animal available during the LEH seasons.

HOW TO USE THIS SYNOPSIS

Each year nearly 1 in 4 LEH applications has an error of one kind or another which requires Fish, Wildlife and Habitat Management staff to examine the application and make a judgment about whether to include it in the draw or not. This takes a substantial amount of time and is the major factor in determining when the draw occurs.

In previous years, Ministry staff have made tremendous efforts to 'save' applications that were completed incorrectly. This is no longer the case and you can greatly improve your chances of being in the draw by following these instructions carefully. Double check your hunter number and the hunt codes on your card. Once your application is submitted, changes may not be allowed.

This synopsis will show you how to apply for a LEH hunt. Hunting opportunities advertised in this synopsis are arranged by species, then by region, followed by class of animal, and finally by the Management Unit (M.U.) where the hunt takes place. Management Units may also be divided into zones for certain species. The 'MAP SECTION' of this synopsis displays these zone boundaries. Where a LEH occurs over an entire M.U., a map of that M.U. is **not** provided in this synopsis; for maps of M.U. boundaries, go to www.env.gov.bc.ca/fw/wildlife/hunting/regulations/mgmt_units.html.

The term 'species' as used in this booklet refers to the type of game animal, such as Moose, Elk, Caribou, etc., and encompasses all classes, such as bulls, cows, calves, etc., of that species. For example, bull moose and an antlerless moose are considered the same species.

Each hunt is given its own unique 4-digit HUNT CODE, which is highlighted on the left of each column on each page. **DO NOT** use last year's LEH synopsis, because the hunt codes may change each year.

WHO CAN APPLY?

Any resident of British Columbia who holds a Resident Hunter Number in good standing may apply. A resident may not apply for a LEH authorization if the resident's hunting licence or hunter number has been suspended, cancelled, or the resident has unpaid fines under the *Wildlife Act* or the *Firearms Act*. Applications made by a person who is ineligible will not be entered in the draw and **NO** refund will be issued. Also please note that if you have moved out of the province you must re-establish your residency in B.C. in order to be eligible.

A resident is:

- 1) a person who is a Canadian citizen or a permanent resident of Canada, whose only or primary residence is in British Columbia, and has been physically present in British Columbia for the greater portion of each of 6 calendar months out of the 12 calendar months immediately preceding the date of making an application under the *Wildlife Act* or doing another thing relevant to the operation of the *Wildlife Act*, or
- 2) a person who is not a Canadian citizen or a permanent resident of Canada, but whose only or primary residence is in British Columbia, and has been physically present in British Columbia for the greater portion of each of the 12 calendar months immediately preceding the date of making an application under the *Wildlife Act* or doing another thing relevant to the operation of the *Wildlife Act*.

FIRST NATIONS APPLICANTS

The Ministry of Forests, Lands and Natural Resource Operations is responsible for balancing land and resource conservation and protection with the economic and social benefits of recreational activities and a sustainable environment. It maintains this balance while respecting the aboriginal rights and title of the First Nations in the province.

A First Nation's aboriginal rights may include the right to harvest wildlife for food, social and ceremonial purposes within that First Nation's traditional territory. These harvesting rights may be limited by government regulations regarding conservation and public health and safety. Government regulations apply to any harvesting of wildlife species for sale or barter, in whole or in part, unless there is a demonstrable aboriginal or treaty right to sale or barter.

Under the *Wildlife Act*, 'Indian' means a person who is defined as a status Indian under the *Indian Act* (Canada). Indians who are residents of British Columbia are not required to obtain any type of hunting licence under the *Wildlife Act*.

Indians who are residents of British Columbia and are exercising their aboriginal right to hunt for food, social and ceremonial purposes within their First Nation's traditional territory may be required to comply with conservation-based hunting regulations. Prior to undertaking any hunting activity, First Nation individuals who are residents of B.C. should inquire with their appropriate First Nation officials or with the Regional Fish and Wildlife Office with respect to any requirements that may apply to them. First Nations whose traditional harvest rights are affected by conservation or public safety regulations would have been consulted in accordance with provincial policy and Ministry guidelines.

THE FISH, WILDLIFE AND HABITAT MANAGEMENT BRANCH CANNOT ACCEPT RESPONSIBILITY FOR ANY APPLICATION CARD THAT IS NOT COMPLETED ACCORDING TO THE INSTRUCTIONS CONTAINED IN THIS BOOKLET OR FOR THE NON-ARRIVAL OF AN APPLICATION AT ITS VICTORIA ADDRESS.

Each year, almost one in every four LEH applications is completed incorrectly. Fixing errors on LEH applications is the primary factor in delaying the LEH draw. Fish, Wildlife and Habitat Management staff will no longer be making many of the efforts we have in the past to correct applications, and applications **may be disqualified** if they are illegible or the instructions are not followed closely.

EXAMPLES OF HOW TO COMPLETE YOUR APPLICATION

NAME CHANGE

If for any reason your name has changed since you last purchased hunting licences, please enter your previous name in brackets above your present name.

Be sure to enter your BC Hunter Number correctly, and double check it against your Resident Hunter Number Card. Hunter number errors are the most common and some of the most time consuming errors.

Name PRINTED IN CAPITAL LETTERS
Please do not *handwrite*.
Enter Mailing address only.

Before an applicant enters (x) in the YES box for a substitute Grizzly Bear Hunt, the applicant should be aware of the fact that this choice is made randomly and may result in a Grizzly Bear hunt in a location unfamiliar to the applicant within the AREA of the second choice (see page 4 for explanation of AREA). See 'Grizzly Bear Substitute Hunts' section below for details.

If entering as a single applicant remove this portion of the application.

If applying as a group or shared hunt, remember to record this serial number in the 'group hunt' section of the other group members application cards.

This is the phone number we will contact if we have any concerns.

Your second choice must be for the same species as your first choice (i.e. the first number in the hunt code must match).

This portion is only for **group & shared hunts**. Make sure the serial numbers of the applications in your group are identified in this section of the application. Mail **all** applications for the group together in one envelope. Group applications not mailed together will be entered as single applications. Make sure hunt codes match for the entire group. If they don't match they will be entered as singles.

Indians who are residents of B.C. and wish to hunt outside their traditional territory must do so in accordance with the Hunting Regulations. This includes submitting applications for a LEH authorization via the LEH draw. When completing their application card(s), 'INDIAN' should be entered in the space allotted for Resident Hunter Number. This is required as a means of identification to prevent computer rejection of an incomplete application card. Indian applicants must enter their complete mailing address including the postal code on the application card. Indians who are successful in the draw must comply with the requirements of Compulsory Reporting/Inspection or any other Hunting Regulations.

HOW TO APPLY

Eligible residents of B.C. must apply for a LEH draw by filling out an official application for each species for which they wish to be entered.

Application cards may be obtained in person from any issuer of hunting licences, or by any Service BC Office. The fee for an application card is \$6.30, including taxes. This fee is not refundable.

GENERAL APPLICATION REQUIREMENTS

- Please use a pen to make the entries on your application card(s). All entries should be legible and printed in CAPITAL LETTERS.
- DO NOT use 'liquid whitener' to make any alterations on application cards. If you make a mistake, draw a single line through the error and print the correction(s) above the incorrect entry.

- If you are applying for a Group or Shared hunt, application cards must be sent together in one envelope and the word 'GROUP' or 'SHARED' must be written in the bottom left corner of the envelope.
- DO NOT staple, pin or tape application cards together.
- DO NOT send money, licences, etc., with your application card.
- Please ensure there is sufficient postage on the envelope.
- Address the envelope to the same address that is printed on the back of the application cards.

SECOND CHOICES

An application card presents an option for you to make a second hunt choice for the SAME SPECIES. Entering a second choice is optional. If applying as a group, make sure that both first and second hunt choices match on ALL group member's applications. If you would like to learn more about how second choices operate, please consult: www.env.gov.bc.ca/fw/wildlife/hunting/resident/leh.html.

WHAT ARE YOUR CHANCES?

For the main draw in 2012, the Fish, Wildlife and Habitat Management Branch processed 160,000 applications and issued roughly 30,000 authorizations for 8 species. Therefore on average, only one in every 5 applications was successful in 2012. It should be noted that odds for individual hunts could be much better, or much worse, depending on the popularity of the hunt. The LEH draw is random, like a lottery, and there are no guarantees that any individual will be successful over time.

However, if you were successful in receiving an authorization for any species except antlerless deer, your odds will be reduced. For Elk in Regions 1 or 2 and for Moose anywhere in the province, your odds are reduced by 66% for 3 years after being successful. For any other species (except Deer) your odds are reduced by 50% for one year only. This is called 'enhanced odds' and it reduces the number of people who receive authorizations repeatedly.

GRIZZLY BEAR SUBSTITUTE HUNTS

Occasionally, some Grizzly Bear hunts have so few applicants that there are hunting opportunities remaining following the initial LEH application processing. Any such left over hunts will be assigned to applicants who indicate on their LEH application(s) that they wish to be considered for a substitute hunt. An applicant should be aware that, by entering (x) in the YES box for a substitute Grizzly Bear hunt, they may be authorized for a Grizzly Bear hunt in an AREA (see page 4 for explanation of AREA) that is unfamiliar to them. Enhanced odds will apply in subsequent years if you are successful for a substitute hunt.

INDIVIDUAL (SINGLE) APPLICATIONS

Hunters applying for an individual hunt should complete all information on the LEH application except the lower, 'group' portion of the application card. This 'group' portion should be removed before submission. See the 'Examples of How to Complete Your Application' for detailed instructions for completion.

GROUP HUNTS

Group Hunts are available to hunters who wish to apply with a group of hunting partners with the chance that every person in the group will be allotted a LEH authorization.

Under this system, the application cards of the group members are combined and entered in the draw as 'one' application. If this 'one' application is drawn, each hunter in the group receives an authorization and each hunter may harvest an animal matching the description on the authorization. If any member of a group applying for any species except Mule (black-tailed) Deer was drawn for the same species the previous year, the entire group will have their odds reduced.

Group Hunt applications are not accepted for Bison hunts or Elk hunts in Regions 1 and 2. For Moose, group hunt applications have been replaced by Shared Hunt applications (see 'Shared Hunts' section).

When applying for a Group Hunt, ensure that the desired hunts have sufficient authorizations to allow everyone in the group to receive an authorization otherwise each applicant in the group will be entered in the draw as an individual.

SHARED HUNTS

Shared hunts are currently for Moose only, and they are intended to increase the number of people drawn for Moose without increasing the number of Moose that may be harvested in a given year. Applicants can apply for Moose as an individual, or a group of two, three or four. If any member of a group applying for a Shared Hunt has been drawn for a Moose in the previous three years, then the entire group will be treated as previously successful and their odds will be reduced.

When applying for a shared Moose hunt, each member is entered in the draw individually, meaning your group has up to 4 chances to win. Groups of two will be allowed to take one Moose only, and a group of three or four will be allowed to take two Moose only. No group member may

take more than one Moose and must cease hunting in the LEH shared hunt when he or she has harvested a Moose, as the annual Moose bag limit for a hunter is one.

All members of the group must have a valid Moose species licence and any group member may take a Moose until the group limit has been reached.

Communication is necessary within the group while hunting in order to avoid exceeding the group limit. The Harvest Details section of each group member's authorization must be filled out immediately following a kill. If a member of a group cannot participate, the others may still hunt and the non-participating member(s) may join the hunt later if the group quota has not been reached, but must first update the Harvest Details section of their LEH shared hunt authorization appropriately.

See the 'Examples of How to Complete Your Application' for detailed instructions.

DEADLINES FOR APPLICATIONS

MAIN DRAW

The deadline for the main draw (fall hunts) LEH applications to reach the Victoria address is **4:30 p.m. Friday May 24, 2013.**

SPRING GRIZZLY AND EARLY SKEENA MOUNTAIN SHEEP DRAW

The deadline for the spring 2014 Grizzly Bear and early Skeena Mountain Sheep LEH applications to reach the Victoria address is **4:30 p.m. Friday February 7, 2014.** Do NOT submit the application for the spring 2014 LEH draw until after July 31, 2013.

ONE APPLICATION PER SPECIES

An applicant may only enter one application per LEH species in one calendar year, regardless of the class of the animal. The exception to this regulation is for an applicant that applied for a Grizzly Bear and/or Skeena Mountain Sheep in the spring draw. This applicant may apply for either (or both) of these species in the fall LEH draw providing that they did NOT receive an LEH authorization for that species in the spring draw.

TWO LICENCES REQUIRED

If you obtain LEH authorization(s), you must also possess and carry your valid B.C. resident hunting licence and the appropriate valid B.C. species licence(s) while hunting under authority of LEH authorization(s).

BAG LIMIT

A LEH authorization does not permit a person to exceed the regular hunting season bag limit for any species of game. See the 2012/2014 Hunting and Trapping Regulations Synopsis for information on provincial and regional bag limits. Please note that any big game animal taken by a licensed junior hunter is counted in the bag limit of the accompanying adult holder of a LEH authorization.

COMPULSORY INSPECTION

All Elk in Regions 2 and 8, Moose in M.U.s 6-19, 6-20, and 6-22 to 6-25, and all Grizzly Bear, Mountain Sheep, Mountain Goat, Caribou harvested must undergo a Compulsory Inspection. Please also refer to the 2012/2014 Hunting and Trapping Regulations Synopsis for updated Compulsory Inspection species requirements. For information on where you can obtain a Compulsory Inspection, please refer to the 'Compulsory Inspection Centres' section on the regional pages of the Hunting and Trapping Regulations Synopsis or www.env.gov.bc.ca/fw/wildlife/hunting/ci.html.

Anyone who kills a bull Elk or a bull Moose under the authority of a LEH authorization must, while returning from the hunt, keep the antlers of the animal available for inspection by an officer.

THIS SYNOPSIS IS NOT A COMPLETE LIST OF REQUIREMENTS FOR HUNTING IN BRITISH COLUMBIA.

All persons hunting under LEH authorization in B.C. are required to comply with hunting regulations under the *Wildlife Act* as outlined in the Hunting and Trapping Regulations Synopsis: www.env.gov.bc.ca/fw/wildlife/hunting/regulations/

LIMITED ENTRY HUNTING - TERMINOLOGY

(An explanation of the column titles used in the season tables)

HUNT CODE: Each hunt is given its own unique 4-digit HUNT CODE, which is highlighted on the left of each column on each page. Hunt codes change every year.

AREA: This term is used in conjunction with a place name to denote a specific land area within British Columbia. It can consist of a number of Management Units, a single Management Unit or a portion of a Management Unit, referred to as a Zone. Hunters should be aware access is limited in some areas and are advised to confirm access before applying.

MANAGEMENT UNITS: The province is divided into 225 management units identified by number. In this synopsis they are denoted by the initials 'M.U.' and a hyphenated number, i.e. M.U. 4-24, M.U. 3-14, etc.

ZONE: Means a portion of one or more management units. If the Management Unit has been divided into Zones, this will appear as Zone A of M.U. 4-24, Zone B of M.U. 4-24, etc. Maps of Zones may be found on pages 15-27.

SEASON DATES: Refer to a period of time that hunting may take place. All dates are inclusive, e.g., September 1 to September 30 means that hunting may commence on September 1 and continue through and including September 30.

SPECIES: In this booklet 'species' refers to the following game: Mountain Goat, Mountain Sheep, Elk, Moose, Caribou, Mule (Black-tailed) Deer, Grizzly Bear and Bison.

CLASS OF ANIMAL: This term refers more specifically to the sex, age or antler/horn configuration of the animal for which an authorization is available.

TENTATIVE NUMBER OF AUTHORIZATIONS AVAILABLE: The number which appears in the authorizations column is a tentative number only and may be adjusted prior to the draw resulting in a possible increase or decrease in the final number of available authorizations.

2012 FIRST CHOICE ODDS: This is a list of odds on being drawn for the same hunt in the 2012 Limited Entry draw. These odds pertain to hunts that were indicated as 'First Choice' selections on the 2012 application cards. They are a measure of the number of people who applied for each authorization available in 2012.

**RECEIVE VIA RSS FEED
NOTIFICATION OF
REGULATION CHANGES**

We use the RSS system for notifying hunters and anglers of in-season or recent regulation changes. RSS is an internet-based technology that allows users to sign up for instant web updates. It is a convenient way to be notified of changes to regulations. To sign up for this service visit the Fish, Wildlife and Habitat Management Branch website at www.env.gov.bc.ca/fw/news/ and for hunting regulation changes choose Wildlife and for fishing regulations choose Fish.

Hunters should be aware access is limited in some areas and are advised to confirm access before applying.

The Special Mountain Sheep resident draw is available to resident hunters for fall 2014.

There is only one Special resident Mountain Sheep authorization for one Mountain Sheep.

While the special hunt allows the animal to be taken in excess of the regular bag limit, a second species licence may not be purchased until after the first species licence has been cancelled. If an animal is harvested during the special hunt, it will not be considered in the calculation of reduced odds for future LEH applications.

There are NO Group Hunt applications for this draw.

DEADLINE FOR APPLICATIONS

Application deadline is **Friday, July 12, 2013**

HOW TO APPLY

You may purchase and submit **as many Special Mountain Sheep applications as you wish**. Applications are available from all regular LEH application vendors OR Service BC Offices.

The non-refundable application fee for each Special Mountain Sheep application is \$15.75 (includes GST).

Ten dollars each of application fee will be directed to a special account in the Habitat Conservation Trust Foundation (HCTF) for projects specific to Mountain Sheep management.

WHO IS ELIGIBLE TO APPLY

Any resident who is eligible to hunt in BC (holds a Resident Hunter Number in good standing) may apply.

A resident who applies for the Special Mountain Sheep draw may also apply for any regular LEH draw.

Limited motorized access with snow machines is likely to be necessary for November and December but snow depths may vary greatly from year to year.

A Bison species licence will be available only by mail and only to those persons successfully drawn for a Limited Entry Bison authorization.

Hunters are prohibited from using a weapon other than:
a) a rifle that fires a 175 grain or larger bullet retaining 2712 joules (2000 foot pounds) or more energy at 100 metres, or
b) a bow having a pull greater than 22.6 kg within the archer's draw length, an arrow greater than 26 grams in weight and a broadhead greater than 8.1 grams in weight and 2.2 cm in width at its widest point.
Hunters are reminded that under Section 35(2) of the **Wildlife Act**, anyone who kills or injures wildlife must make reasonable attempt to retrieve that wildlife, and if it is alive, to kill it. This is particularly important with Bison.

CARIBOU

The Ministry continues to offer a Moose/Caribou combination hunt for the Spatsizi area. For details and where to apply see Region 6 Moose Section page 8.

Successful hunters are required to submit the incisor tooth, the antlers, and for Caribou without at least one main beam measuring over 60 cm in length, the hide with evidence of sex attached of all Caribou taken, for compulsory inspection within 30 days after the date of the kill. Please contact a Fish and Wildlife Regional Office (page 4) for a list of qualified inspectors or www.env.gov.bc.ca/fw/wildlife/hunting/ci.html.

* Also includes Zone C of M.U. 2-05.

** Also includes Zone B of M.U. 2-12.

*** The entire area in Zone C of M.U. 2-05 and Zone B of M.U. 2-12, and portions of Zone A of M.U. 2-05 and portions of Zone A of M.U. 2-12 are restricted to ARCHERY EQUIPMENT ONLY. Much of the area within Zone C of M.U. 2-05 is Private Land. Permission of the landowner must be obtained prior to the hunt. Applying for a LEH in these areas does not guarantee that there will be Elk present during the selected season. Also the private landowners may restrict the number of hunters that are allowed onto their land. It is the hunter's responsibility to locate landowners willing to allow hunter access. This can be a long and challenging process with no guarantee of success.

Indian Reserves are private property. In the Sechelt First Nation's Traditional Territory they request hunters obtain permission, by contacting the resource management department at (604) 885-2273, prior to crossing or accessing any Sechelt Indian Band land.

Hunters are reminded that under S.35(2) of the *Wildlife Act*, anyone who injures wildlife must make reasonable attempt to retrieve that wildlife, and if it is alive, to kill it. This is particularly important for Roosevelt Elk in areas restricted to ARCHERY EQUIPMENT ONLY, and these hunts are recommended only to archers with considerable big game hunting experience.

Successful hunters are required to submit within 30 days of the kill, both antlers attached to a portion of the skull and one of the incisor teeth (including the crown and root) of any Elk taken to a C.I. Inspector. The following information must be supplied at the same time:

- location of kill (including M.U.) • date of kill • number of days hunted • sex of animal taken.

Some landowners may charge access fees and this is legal in British Columbia.

THIS IS THE END OF THE SHARED HUNTING SECTION

MOUNTAIN GOAT

Due to concerns over the large percentage of female goats harvested in some areas of the province, the Fish, Wildlife and Habitat Management Branch continues to encourage hunters to harvest male Mountain Goats only. Copies of a DVD titled "Is it a Billy or Is It a Nanny?" are available for loan at regional wildlife offices to help hunters learn to select male Mountain Goats. Hunters are encouraged to borrow and view this DVD prior to their Mountain Goat hunt. For more details see page 28.

Successful hunters are required to submit the horns of any Mountain Goat taken for compulsory inspection within **30 days after the date of the kill OR before December 5 of the year of the kill whichever occurs first.** Please contact a Fish and Wildlife Regional Office (page 4) for a list of qualified inspectors or go to www.env.gov.bc.ca/fw/wildlife/hunting/ci.html.

MOUNTAIN SHEEP

If you applied for the 2013 Early Skeena Mountain Sheep draw for a 2013 hunt and received a LEH authorization, you are NOT ELIGIBLE TO APPLY for any other 2013 Mountain Sheep hunt, but you may apply for the 2014 Early Skeena Mountain Sheep draw. If you were unsuccessful you may apply for any of the following Mountain Sheep hunts.

Due to concerns over the large percentage of illegal sheep harvested in the province, the Wild Sheep Society of British Columbia and the Ministry have worked together to develop an education program relating to horn curl restrictions. The Ministry is encouraging hunters to review the horn curl education program and participate in the horn curl test. For more details see page 28.

Successful hunters are required to submit horns and skull of all Mountain Sheep taken, including ewes and lambs, for compulsory inspection within **30 days after the date of the kill OR before December 5 of the year of the kill whichever occurs first.** Please contact a Fish and Wildlife Regional Office (page 4) for a list of qualified inspectors or go to: www.env.gov.bc.ca/fw/wildlife/hunting/ci.html.

***** 2014 EARLY SKEENA MOUNTAIN SHEEP DRAW REGION 6*****

(Please note: the 2013 Skeena Mountain Sheep hunts were drawn in February 2013)

Limited Entry Hunt (LEH) applications for 2014 limited entry sheep hunts in the Skeena region (Region 6) will be drawn in Spring of 2014, in order to provide hunters with more time to schedule and plan hunts in these remote areas.

Only one application for this early draw may be submitted per hunter and it must be submitted on a regular LEH application card. If you choose to apply for these early draws, please be advised that second choices are available, but must be from one of the other early Skeena Mountain Sheep draw hunts, i.e. if you apply for an early Skeena sheep draw, your second choice must be for the Mount Edziza, Atlin, Tatshenshini, or Spatsizi sheep hunt.

If you were successful in the 2013 early draw, you are not eligible to apply for any other LEH Mountain Sheep hunts for 2013. If you applied for an early Skeena Mountain Sheep draw and did not receive a LEH authorization you may apply for any other 2013 Mountain Sheep hunt.

DO NOT submit your application for this hunt until AFTER July 31, 2013. Applications must be received in Victoria by February 7, 2014. Notification of successful draw results will be sent when the draw has been completed.

THE WILD SHEEP SOCIETY OF BRITISH COLUMBIA HORN CURL EDUCATION PROGRAM

The Wild Sheep Society of British Columbia has partnered with the British Columbia Ministry of Forests, Lands and Natural Resource Operations to develop an education program for hunters relating to horn curl restrictions that apply to the harvest of wild sheep in the province.

The Society and the Ministry have become increasingly concerned about the number of illegal sheep kills occurring in British Columbia, in some cases resulting from a lack of diligence. In some cases illegal kills may result in increasing hunting restrictions (such as Limited Entry seasons in place of general open seasons) or the complete closure of a season.

In an attempt to limit the number of illegal sheep harvested in British Columbia, the Wild Sheep Society has created a horn curl education program, with the support of the Ministry of Forests, Lands and Natural Resource Operations.

The Society's horn curl education program is divided into two sections: an education component, and a test component.

Both the Society and the Ministry highly recommend that all sheep hunters review the horn curl education program and participate in the horn curl test. Even for experienced sheep hunters this will provide a helpful review.

NOTICE TO HUNTERS

In-season regulation changes are posted on the Fish, Wildlife and Habitat Management website. Regulations are subject to change from time to time, and it is the hunter's responsibility to be informed of current regulations. Please check our website for in-season changes before your hunt: www.env.gov.bc.ca/fw/wildlife/hunting/news/ Or subscribe to RSS a new internet-based service that allows users to sign up for instant web updates. See page 4 for details.

NOTICE TO MOUNTAIN GOAT HUNTERS

Minimizing the female (nanny) harvest of Mountain Goats has been identified as an important conservation action. Previously, the Ministry of Forests, Lands and Natural Resource Operations has addressed concerns with the harvest of females through voluntary compliance among hunters to select a male Mountain Goat (billy). While the proportion of females in the harvest has decreased, there continues to be concerns over the high harvest of female mountain goats in some areas. In order to address this concern, a regulation has been implemented that states **"It is unlawful to hunt a female Mountain Goat accompanying a kid or a female Mountain Goat in a group that contains one or more kids."**

This regulation does not protect all female Mountain Goats as a solitary female Mountain Goat, or a female Mountain Goat within a group of goats that does not contain kids, would still be legal to harvest.

For more information on how to select a billy, you can borrow the video *"Is it a Billy or is it a Nanny?"* from any of the Ministry regional offices, or from the Fish, Wildlife and Habitat Management Branch in Victoria. The same video is also available from the BC Wildlife Federation. To test yourself on mountain goat sex identification go to www.env.gov.bc.ca/fw/wildlife/hunting/docs/goat_orientation_08Utah.pdf.

The recently completed *"Management Plan for the Mountain Goat in British Columbia"* contains detailed information on managing Mountain Goats in BC, and is available for downloading at www.env.gov.bc.ca/eirs/bdp/biodiversity_publications_index/bdpStaticPageM.htm
