# Orders

| ISSUED TO                | LOCATION      | ACT                                 | REG. | SECTION | DESCRIPTION  |
|--------------------------|---------------|-------------------------------------|------|---------|--|
| Thomas Smith             | Taylor        | <i>Environmental Management Act</i> |      | 77      | Pollution Prevention Order issued to address the potential for pollution from the sewage treatment works servicing Edgewood Mobile Trailer Park in Baldonnel (near Taylor). Inspections indicated that the sewage works had a berm failure, resulting in the release of untreated sewage to the environment. The Order requires: (1) immediate action to be taken to prevent effluent from the collection and lift station being discharged into the affected cell until suitable repairs have been implemented; (2) action to prevent further discharge of sewage to the environment from the affected containment cell by manually transferring the sewage to an adjacent storage cell; and (3) repair or upgrade of the works to normal function to be done under the direction of a qualified professional in accordance with the Municipal Sewage Regulation. |
| JO & A Holdings Ltd.     | Prince George | <i>Environmental Management Act</i> |      | 81      | Pollution Prevention Order issued to address pollution occurring from a wood burning appliance at a business. Ministry staff visited and inspected the site on a number of occasions and observed discharges from the chimney having excessive opacity. In the interest of public health and safety, and after attempts to work cooperatively to achieve compliance, Ministry staff ordered JO & A Holdings Ltd. to: (1) ensure action was taken to prevent excessive discharge of visible smoke from the appliance except for the first 10 minutes of cold start-up; (2) refrain from burning material listed in Schedule A of the Open Burning Smoke Control Regulation; and (3) provide to the ministry an operational and maintenance plan for the wood burning appliance prepared by a qualified professional.  |
| DH Manufacturing Ltd.    | Houston       | <i>Environmental Management Act</i> |      | 81      | Pollution Prevention Order issued in response to potential pollution from a wood waste pile. A ministry inspection identified potential for the pile to ignite and thus cause smoke and impact the air quality of the Houston area. The property owner was ordered to: (1) retain the services of a qualified professional to develop and implement a fire control action plan to be submitted to the ministry and the Houston Fire Chief; (2) to fully cooperate and participate in the implementation of the plan; (3) to submit a wood waste removal and disposal action plan to the ministry; and (4) to submit a wood residue waste management plan.  |
| Trudeau's Custom Cutting | Squamish      | <i>Environmental Management Act</i> |      | 81 & 83 | Pollution Prevention and Abatement Order issued after Ministry staff assessed the pollution from the burning of wood waste. The order stated that: (1) any open fires be extinguished and to cease any further unauthorized burning of waste; (2) advise the ministry in writing that unauthorized burning has ceased and will not reoccur; and (3) provide a plan for implementing pollution prevention and/or control measures.  |

# Orders

Ministry of  
Environment

| ISSUED TO   | LOCATION   | ACT                                 | REG. | SECTION               | DESCRIPTION   |
|---|------------|-------------------------------------|------|-----------------------|---|
| Endako River Timber Ltd.                              | Burns Lake | <i>Environmental Management Act</i> |      | 83                    | Pollution Abatement Order issued to stop potential pollution from burning of wood residue at a property owned and operated by Endako River Timber Ltd (ERT Ltd.). The Order stated that: (1) ERT Ltd. direct and manage the extinguishment of the wood residue fire; (2) cooperate and participate in implementation of an action plan prepared by Safety Boss Inc. and the Burns Lake Fire Chief; (3) fully extinguish the fire; (4) notify the ministry when the fire is fully extinguished; and (5) submit a plan, outlining measures to prevent similar incidents to the ministry and the Burns Lake Fire Chief.  |
| Joel Congo, Penny Mikoula, Sorrento<br>Walter Mikoula |            | <i>Environmental Management Act</i> |      | 83                    | Pollution Abatement Order issued in response to spilled oil and greases from restaurant wastes and corn meal (used as absorbent material) occurring on the soil surface and in contaminated runoff. Discussions with the local veterinarian indicated that livestock on a neighbouring property died and others were of compromised health as a result of the released oils and grease. The property owners and operator were ordered to: (1) obtain a qualified professional for assessing the environmental impact from the processing of waste oils and greases; and (2) submit a scope of work and timeline for carrying out the assessment within 7 days of the order. |
| Marcel Bruneau  | Kelowna    | <i>Water Act</i>                    |      | 88(1)(e),<br>88(1)(l) | Engineer's Order issued to address infilling of a side channel of Mission Creek. Landowner was ordered to: (1) cease placing fill in the side channel; and (2) remove the fill from the side channel under the supervision of a Qualified Environmental Professional within ten days of receiving the Order.  |

## Administrative Sanctions

### Angling, hunting and firearm licence cancellations against individuals (Wildlife Act)
