

REGISTER of Qualified Well Drillers in the Province of British Columbia

Pursuant to Section 2 of the *Ground Water Protection Regulation*, the Comptroller must establish and maintain a register of qualified well drillers who are authorized to operate in British Columbia. The list of qualified well drillers whose names are in the Register, must be made readily available to the public during normal business hours, or be available in electronic form on the internet. A person wishing to be recognized as a qualified well driller in British Columbia and wanting to be listed in the Register may apply to the Comptroller pursuant to Section 3 of the *Ground Water Protection Regulation*.

Qualified Well Drillers - Vancouver Island Region

The Comptroller **may remove from the Register** of qualified well drillers any person who:

- fails to meet all of the necessary requirements for registration,
- is no longer actively working in British Columbia as a qualified well driller, or
- is deceased.

A person listed as a qualified well driller in this Register **must advise** the Comptroller in writing **within 60 days of any changes** to the information included in the Register or if they are no longer actively working in British Columbia as a qualified well driller.

By listing persons as qualified well drillers in this Register, the Province of British Columbia in no way guarantees, or may be held liable, for any work performed by the person.

The order in which persons appear in this Register is by alphabetical order within each Region and in no way reflects any order of preference, special favour or any other bias on behalf of the Province of British Columbia.

The person whose name appears in this Register should, in the course of their duties as a qualified well driller in British Columbia, **carry with them the well driller identification card** issued to them by the Comptroller and must **present it upon request** to the Comptroller, the Regional Water Manager, an Engineer or an Officer under the *Water Act*, or a Drinking Water Officer under the *Drinking Water Protection Act*, as proof of their qualifications as a well driller pursuant to Section 71 of the *Water Act*.
