

This map illustrates the Klamath River watershed, divided into numerous sub-watersheds. The sub-watersheds are color-coded: yellow for the main watershed, red for the Klamath River watershed, and blue for the Rogue River watershed. The map includes labels for various sub-watersheds such as Upper Klamath, Lower Klamath, Klamath, Rogue, and others. The map also shows the Klamath River and its tributaries, as well as the Rogue River and its tributaries. The map is a detailed representation of the watershed's geography and hydrology.
