Notes

1. Year description covers fiscal year from March 1 to April 31. For example, 1983 covers from March 1, 1983 to April 31, 1984, also described as 83/84.
2. CW license format in earlier years allowed for resident data to be collected, however, 90/91 license format only identified anglers as BC resident or non-BC resident
3. Counterfoils not in records boxes for years 93/94, 95/96 and 96/97
4. Counterfoil data for year 97/98 available via access database
5. Counterfoil data for 99/00 and 00/01 taken from previous study summary
6. Steelhead Harvest Analyses not conducted for 04/05

Disclaimer - The data presented in the above summary is limited by the accuracy of information provided on Classified Water license "counterfoils." Limiting factors include angler mis-reporting error, completion error by vendors and illegible counterfoils carbon copies.

Notes

1. Year description covers fiscal year from March 1 to April 31. For example, 1983 covers from March 1, 1983 to April 31, 1984, also described as 83/84.
2. CW license format in earlier years allowed for resident data to be collected, however, 90/91 license format only identified anglers as BC resident or non-BC resident
3. Counterfoils not in records boxes for years 95/96 and 96/97
4. Counterfoil data for year 97/98 available via access database
5. Counterfoil data for 99/00 and 00/01 taken from previous study summary
6. Steelhead Harvest Analyses not conducted for 04/05

Disclaimer - The data presented in the above summary is limited by the accuracy of information provided on Classified Water license "counterfoils." Limiting factors include angler mis-reporting error, completion error by vendors and illegible counterfoils carbon copies.

## Notes

1. Year description covers fiscal year from March 1 to April 31. For example, 1983 covers from March 1, 1983 to April 31, 1984, also described as 83/84.
2. CW license format in earlier years allowed for resident data to be collected, however, 90/91 license format only identified anglers as BC resident or non-BC resident
3. Counterfoils not in records boxes for years 95/96, 96/97, 99/00 and 02/03
4. Counterfoil data for year 97/98 available via access database
5. Steelhead Harvest Analyses not conducted for 04/05

Disclaimer - The data presented in the above summary is limited by the accuracy of information provided on Classified Water license "counterfoils." Limiting factors include angler mis-reporting error, completion error by vendors and illegible counterfoils carbon copies.

Notes

1. Year description covers fiscal year from March 1 to April 31. For example, 1983 covers from March 1, 1983 to April 31, 1984, also described as 83/84.
2. CW license format in earlier years allowed for resident data to be collected, however, 90/91 license format only identified anglers as BC resident or non-BC resident
3. Counterfoils not in records boxes for years 93/94, 95/96 and 96/97
4. Counterfoil data for year 97/98 available via access database
5. Counterfoil data for 99/00 and 00/01 taken from a previous study summary
6. Steelhead Harvest Analyses not conducted for 04/05

Disclaimer - The data presented in the above summary is limited by the accuracy of information provided on Classified Water license "counterfoils." Limiting factors include angler mis-reporting error, completion error by vendors and illegible counterfoils carbon copies.

**Table 5. Kitseguetla River Historical Angler Use Summary of Counterfoil and SHA Data**

| Counterfoil Data - Number of Angler Days (actual) |             |                 |             |         |             |             |         |                             |             |         | SHA Data - Number of Anglers and Angler Days (extrapolated) |             |         |       |             |             |         |       |

**Notes**

1. Year description covers fiscal year from March 1 to April 31. For example, 1983 covers from March 1, 1983 to April 31, 1984, also described as 83/84.
2. CW license format in earlier years allowed for resident data to be collected, however, 90/91 license format only identified anglers as BC resident or non-BC resident
3. Counterfoils not in records boxes for years 95/96 and 96/97
4. Counterfoil data from 97/98 access database not available for Kitseguetla River
5. Counterfoil data for 99/00 and 00/01 taken from a previous study summary
6. Steelhead Harvest Analyses not conducted for 04/05
7. Guide report data is not available as the Kitseguetla River is a non-guided only river.

Disclaimer - The data presented in the above summary is limited by the accuracy of information provided on Classified Water license "counterfoils." Limiting factors include angler mis-reporting error, completion error by vendors and illegible counterfoils carbon copies.

**Table 6. Kitwanga River Historical Angler Use Summary of Counterfoil and SHA Data**

| Counterfoil Data - Number of Angler Days (actual) |          |                 |             |         |             |             |         |                             |             |         | SHA Data - Number of Anglers and Angler Days (extrapolated) |             |         |       |             |             |         |       |

**Notes**

1. Year description covers fiscal year from March 1 to April 31. For example, 1983 covers from March 1, 1983 to April 31, 1984, also described as 83/84.
2. CW license format in earlier years allowed for resident data to be collected, however, 90/91 license format only identified anglers as BC resident or non-BC resident
3. Counterfoils not in records boxes for years 95/96 and 96/97
4. Counterfoil data from 97/98 access database not available for Kitwanga River
5. Counterfoil data for 99/00 and 00/01 taken from a previous study summary
6. Steelhead Harvest Analyses not conducted for 04/05
7. Guide report data is not available as the Kitwanga River is a non-guided only river

Disclaimer - The data presented in the above summary is limited by the accuracy of information provided on Classified Water license "counterfoils." Limiting factors include angler mis-reporting error, completion error by vendors and illegible counterfoils carbon copies.

**Table 7. Lakelse River Historical Angler Use Summary of Counterfoil and SHA Data**

| Counterfoil Data - Number of Angler Days (actual) |         |                 |             |         |             |             |         |                             |             |         | SHA Data - Number of Anglers and Angler Days (extrapolated) |             |         |       |             |             |         |       |

**Notes**

1. Year description covers fiscal year from March 1 to April 31. For example, 1983 covers from March 1, 1983 to April 31, 1984, also described as 83/84.
2. CW license format in earlier years allowed for resident data to be collected, however, 90/91 license format only identified anglers as BC resident or non-BC resident
3. Counterfoils not in records boxes for years 95/96, 96/97 and 99/00
4. Counterfoil data for year 97/98 available via access database
5. Counterfoil data for 00/01 inclusive from April 18 to Oct 31
6. Steelhead Harvest Analyses not conducted for 04/05
7. Guide report data is not available as the Lakelse River is a non-guided only river.

Disclaimer - The data presented in the above summary is limited by the accuracy of information provided on Classified Water license "counterfoils." Limiting factors include angler mis-reporting error, completion error by vendors and illegible counterfoils carbon copies.

Table 8. Morice River Historical Angler Use Summary of Counterfoil, SHA and Guide Report Data

Notes

1. Year description covers fiscal year from March 1 to April 31. For example, 1983 covers from March 1, 1983 to April 31, 1984, also described as 83/84.
2. CW license format in earlier years allowed for resident data to be collected, however, 90/91 license format only identified anglers as BC resident or non-BC resident
3. Counterfoils not in records boxes for years 95/96 and 96/97
4. Counterfoil data for year 97/98 available via access database
5. Counterfoil data for 99/00 and 00/01 taken from a previous study summary
6. Steelhead Harvest Analyses not conducted for 04/05

Disclaimer - The data presented in the above summary is limited by the accuracy of information provided on Classified Water license "counterfoils." Limiting factors include angler mis-reporting error, completion error by vendors and illegible counterfoils carbon copies.

## Notes

1. Year description covers fiscal year from March 1 to April 31. For example, 1983 covers from March 1, 1983 to April 31, 1984, also described as 83/84.
2. CW license format in earlier years allowed for resident data to be collected, however, 90/91 license format only identified anglers as BC resident or non-BC resident
3. Counterfoils not in records boxes for years 95/96 and 96/97
4. Counterfoil data for year 97/98 available via access database
5. Steelhead Harvest Analyses not conducted for 04/05
6. Counterfoil and guide report data summarized above represents Skeena CW sections 2 and 4 combined

Disclaimer - The data presented in the above summary is limited by the accuracy of information provided on Classified Water license "counterfoils." Limiting factors include angler mis-reporting error, completion error by vendors and illegible counterfoils carbon copies.

**Table 10. Suskwa River Historical Angler Use Summary of Counterfoil and SHA Data**

**Notes**

1. Year description covers fiscal year from March 1 to April 31. For example, 1983 covers from March 1, 1983 to April 31, 1984, also described as 83/84.
2. CW license format in earlier years allowed for resident data to be collected, however, 90/91 license format only identified anglers as BC resident or non-BC resident
3. Counterfoils not in records boxes for years 95/96 and 96/97
4. Counterfoil data for year 97/98 was not summarized in the access database
5. Counterfoil data for 99/00 and 00/01 taken from a previous study summary
6. Steelhead Harvest Analyses not conducted for 04/05
7. Guide report data is not available as the Suskwa is a non-guided only river

Disclaimer - The data presented in the above summary is limited by the accuracy of information provided on Classified Water license "counterfoils." Limiting factors include angler mis-reporting error, completion error by vendors and illegible counterfoils carbon copies.

Table 12. Zymoetz (Copper) River Historical Angler Use Summary of Counterfoil, SHA and Guide Report Data

**Notes**

1. Year description covers fiscal year from March 1 to April 31. For example, 1983 covers from March 1, 1983 to April 31, 1984, also described as 83/84.
2. CVW license format in earlier years allowed for resident data to be collected, however, 90/91 license format only identified anglers as BC resident or non-BC resident
3. Counterfoils not in records boxes for years 95/96, 96/97 and 99/00
4. Counterfoil data for year 97/98 only available for Zymoetz class 1 section
5. Steelhead Harvest Analyses not conducted for 04/05
6. Counterfoil and guide report data summarized above represents Zymoetz Class 1 and 2 sections combined

Disclaimer - The data presented in the above summary is limited by the accuracy of information provided on Classified Water license "counterfoils." Limiting factors include angler mis-reporting error, completion error by vendors and illegible counterfoils carbon copies.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for ensuring the integrity of the financial system and for providing a clear audit trail. The text notes that without accurate records, it would be difficult to detect and prevent fraud or errors.

2. The second part of the document outlines the various methods used to collect and analyze data. It describes how data is gathered from different sources and how it is then processed to identify trends and patterns. The text highlights the importance of using reliable data sources and of applying appropriate statistical techniques to ensure the validity of the results.

3. The third part of the document focuses on the role of technology in modern data analysis. It discusses how advances in computing power and data storage have enabled the collection and analysis of much larger volumes of data than in the past. The text also mentions the importance of using secure and reliable technology to protect sensitive information.

4. The fourth part of the document discusses the challenges faced in the field of data analysis. It notes that as the volume of data continues to grow, it becomes increasingly difficult to manage and analyze. The text also mentions the need for skilled personnel to interpret the results of data analysis and to make informed decisions based on the findings.

5. The fifth part of the document provides a summary of the key points discussed in the previous sections. It reiterates the importance of accurate record-keeping, the use of reliable data sources, the role of technology, and the challenges faced in the field. The text concludes by stating that ongoing research and development are needed to address these challenges and to improve the effectiveness of data analysis.
