

**ORDER – AMENDMENT TO UNGULATE WINTER RANGE U-1-014**

This order is given under the authority of sections 9(2) and 12(1) of the *Government Actions Regulation* (B.C. Reg. 582/2004).

The Deputy Minister of the Ministry of Environment orders that:

1. ungulate winter range U-1-014 approved on December 14, 2004 for black-tailed deer (*Odocoileus hemionus columbianus*) and Roosevelt elk (*Cervus elaphus roosevelti*) is amended to:
  - i. exclude previously approved units K07e, K02d, Q06e, W04e, and K08e; and
  - ii. include units Q06e\_A, Q06e\_B, W04e\_A, W04eB, K08e\_A, K08e\_B, K10e, P03e\_A, P03e\_B, P03e\_C and P05e, as shown on the attached map “Amendment to UWR U-1-014”;
2. the boundaries of units SO1d and SO2e in ungulate winter range U-1-014 are amended as shown on the attached map “Amendment to UWR U-1-014” and in the GIS file *tuwra\_bc*. These boundaries replace the boundaries approved for units SO1d and SO2e on December 14, 2004 for black-tailed deer (*Odocoileus hemionus columbianus*) and Roosevelt elk (*Cervus elaphus roosevelti*);
3. the general wildlife measures established for ungulate winter range U-1-014 on December 14, 2004 apply to the units Q06e\_A, Q06e\_B, W04e\_A, W04e\_B, K08e\_A, K08e\_B, K10e, P03e\_A, P03e\_B, P03e\_C and P05e and to the amended boundaries of units SO1d and SO2e; and
4. where there is any discrepancy between the ungulate winter range boundaries as shown in the attached map and the GIS file *tuwra\_bc*, the boundaries as detailed in the GIS file will take precedent. The centre point of the line on the map denoting the ungulate winter range is what establishes the boundary.

  
Signed this 9<sup>th</sup> day of November 2007  
Joan Hesketh, Deputy Minister  
Ministry of Environment
