

This topographic map of the Kootenay region in British Columbia, Canada, features four areas highlighted in purple. The regions are labeled as follows:

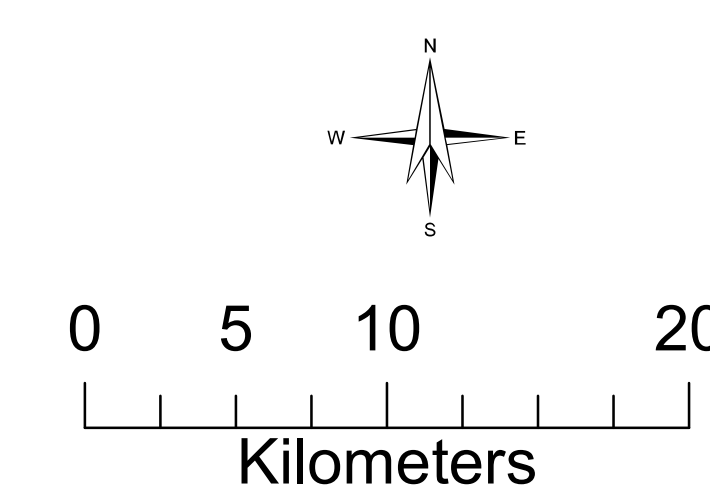

- 3-A Ske-Shuswap**: Located in the upper left corner, this area includes the Skeena and Shuswap river systems.
- 2-B Central Kootenay**: A large central area encompassing the Kootenay River valley and surrounding mountainous terrain.
- 2-A South Monashee**: Situated in the lower left, this region covers the southern slopes of the Monashee Mountains.
- 1-B**: Located in the bottom right corner, this area includes the southern part of the Kootenay River valley.

The map displays detailed topographic features, including contour lines, rivers, and towns such as Golden and Revelstoke. The highlighted areas represent specific regions of interest within the broader Kootenay landscape.
