### CONDITIONAL WATER LICENCE

The owner of the land to which this licence is appurtenant is hereby authorized to divert and store water as follows:

- a) The stream on which the rights are granted is Anderson Creek and storage is in East and West Sloughs.
- b) The points of diversion and storage are located as shown on the attached plan.
- c) The date from which this licence shall have precedence is 22nd March, 1957.
- d) The purpose for which this licence is issued is conservation.
- e) The maximum quantity of water which may be diverted and stored is 12334.82 cubic metres per annum (10 acre-feet per annum).
- f) The period of the year during which the water may be diverted and stored is 1st October to 31st March.
- g) The land upon which the water is to be used and to which this licence is appurtenant is the conservation project of the licensee within District Lot 585 Kamloops Division Yale District except Plans KAP63796 and KAP68248.
- h) The authorized works are diversion structure, ditch and dams which shall be located approximately as shown on the attached plan.
- i) The construction of the said works has been completed and the water is being used. The licensee shall continue to make regular beneficial use of the water in a manner authorized herein.
- j) This licence is issued under the Water Act (the Act). The exercise of rights under the licence is subject to the Act and its regulations, the terms and conditions of the licence, orders under the Act and the rights of licensees whose rights have precedence on the stream. The licensee must comply with all such requirements, as well as the provisions of all other applicable enactments. In exercising rights under the licence, the licensee must exercise reasonable care to avoid damaging land, works, trees or other property, and must make full compensation to the owners for damage or loss resulting from construction,

maintenance, use, operation or failure of the works.

- k) The dams authorized under clause (h) are subject to the Dam Safety Regulations and shall be designed, constructed and maintained to the satisfaction of a Dam Safety Officer under the Water Act and in accordance with the Canadian Dam Association Guidelines.
- l) This licence is supplementary to Conditional Water Licence 131018 and the maximum quantity of water which may be diverted under this licence is the quantity which together with the quantity available under Conditional Water Licence 131018 will provide 12,334.82 cubic metres per annum (10 acre-feet per annum).
- m) This Licence is issued in substitution of Conditional Water Licence 24353, in part.
