Re: Water Licence Amendment Due To Re-Description of Source

It has been determined that the source of water, as identified on Water Licence C102943, has undergone a change in name.

This change requires a minor amendment to the water licence under Section 26 of the *Water Sustainability Act*, to correct clause (a) (Source). Please find enclosed an Order, which re-describes the source from which the water is being diverted and used. **Please attach these documents to your copy of the Water Licence.**

To download a copy of your water licence and to find more information, please visit our website at http://www.env.gov.bc.ca/wsd/.

All other aspects of this Water Licence remain in effect. To maintain your Water Licence in good standing, the following must be observed;
   a) continued beneficial use of water as authorized under your licence;
   b) payment of annual rentals;
   c) compliance with the terms of your licence;
   d) compliance with the terms of the *Water Sustainability Act*.

If you have any questions or comments regarding the amendment of your water licence please do not hesitate to contact this office.

Yours truly,

Carla Hartling
Assistant Water Manager

1

BRITISH COLUMBIA

ORDER UNDER THE *WATER SUSTAINABILITY ACT*
SECTION 26

File No. 3001799

In the matter of Conditional Water Licence 102943, which authorizes the diversion of water from Albreda River for home improvement and domestic purposes within that part of District Lot 5739, Cariboo District, except Plan 21779, lying northeast of Highway Plan 18231.

Having determined that the Source Clause is now erroneously stated due to a change in the name, and being satisfied that no person's rights will be injuriously affected I hereby amend clause (a) (Source) of the said licence to read as follows:

(a)   The stream on which the rights are granted is Albreda Creek.

Dated at Kamloops, B.C. this 4th day of July, 2016

Carla Hartling
Assistant Water Manager
