Water Act

CONDITIONAL WATER LICENCE

The owner of the land to which this licence is appurtenant is hereby authorized as follows:

- a) The stream on which the rights are granted is Great Central Lake.
- b) The point of diversion is located as shown on the attached plan.
- c) The date from which this licence shall have precedence is 28th April, 2005.
- d) The purpose for which this licence is issued is waterworks and irrigation.
- e) The maximum quantity of water which may be diverted for waterworks purpose is 99,559 cubic metres (21,900,000 gallons) per year, at a rate not to exceed 545.5 cubic metres (120,000 gallons) per day. The maximum quantity of water used for irrigation purpose is 12,334 cubic metres (10 acre feet) per annum.
- f) The period of the year during which the water may be used for waterworks purpose is the whole year. The period of year during which the water may be used for irrigation purpose is between the period of 1st April to 30th September.
- g) The land upon which the water is to be used and to which this licence is appurtenant is Lot 1, District Lot 282, Alberni District, Plan VIP69719 and Lot 1, District Lot 283, Alberni District, Plan VIP69720.
- h) The works authorized to be constructed are an intake structure, pump, pipe and distribution system, which shall be located approximately as shown on the attached plan.
- i) The construction of the works authorized in clause (h) shall not commence until plans prepared by a professional engineer registered in British Columbia have been submitted to and written leave to commence construction granted by an Engineer under the *Water Act*.
- j) A flow measuring device suitable to the Engineer under the *Water Act* shall be incorporated into the works at the source. Records are to be maintained and made available upon request.
- k) The construction of the said works shall be completed and the water beneficially used, prior to the 31st day of December, 2010.
