- l) All mined or otherwise disturbed ground surfaces including cut banks, and fill slopes shall be stabilized to prevent tailings, forest cover, top soil and debris from entering water courses.

- m) The diversion of water authorized under this licence may be restricted or prohibited at any time by an order in writing by an Engineer under the Water Act, in order to maintain minimum flow in the stream for preservation of fish life.

- n) This licence terminates on November 30, 2012. Prior to the termination date, the licensee may apply to the Comptroller of Water Rights or the Regional Water Manager in accordance with the provisions of the Water Act to amend this licence to extend its term.
