

Province of British Columbia

Water Act

CONDITIONAL WATER LICENCE

The owner of the land to which this licence is appurtenant is hereby authorized to divert & use water as follows:

- a) The stream on which the rights are granted is the Pine River.
- b) The point of diversion is located as shown on the attached plan.
- c) The date from which this licence shall have precedence is June 21, 2010.
- d) The purposes for which this licence is issued are industrial (dust control) and mining (washing coal).
- e) The maximum quantity of water which may be diverted for industrial (dust control) purpose is 1,123.2 cubic metres per day and the maximum quantity which may be used for mining (washing coal) purpose is 1,296 cubic metres per day. Total diversion not to exceed 0.028 cubic metres per second (2,419.2 cubic metres per day).
- f) The period of the year during which the water may be used is throughout the whole year.
- g) The land upon which the water is to be used and to which this licence is appurtenant is the mining project of the licensee within District Lots 379 & 380 & Unsurveyed Crown Land, Peace River Land District covered by Coal Lease Tenure under Mineral Tenure Number 389294, Liard Mining District.
- h) The authorized works are diversion structure, screened intake, pump, pipe, tank truck and coal washing plant which shall be located approximately as shown on the attached plan.
- i) The construction of the said works shall be completed and the water shall be beneficially used prior to December 31, 2014. Thereafter, the licensee shall continue to make regular beneficial use of the water in the manner authorized herein.
- j) This licence terminates on December 31, 2028. Prior to the termination date, the licensee may apply to the Comptroller of Water Rights or the Regional Water Manager in accordance with the provisions of the Water Act to amend this licence to extend its term.
- k) This Licence is issued in substitution of Conditional Water Licence 125932.

Robert M Piccini
Assistant Regional Water Manager
