## *Water Act*

### CONDITIONAL WATER LICENCE

The holder(s) of the placer tenure to which this licence is appurtenant is/are hereby authorized to divert and use water as follows:

- a) The stream on which the rights are granted is Otter Creek.
- b) The point of diversion is located as shown on the attached plan.
- c) The date from which this licence shall have precedence is February 12, 2010.
- d) The purpose for which this licence is issued is placer mining.
- e) The maximum quantity of water which may be diverted for placer mining purposes is 0.057 cubic metres per second (2.0 c.f.s.).
- f) The period of the year during which the water may be used is May 1st to November 30th.
- g) The land upon which the water is to be used and to which this licence is appurtenant is Placer Tenure #636503, Atlin Mining Division.
- h) The authorized works are diversion structure, screened intake, pump, pipe, wash plant and settling ponds which shall be located within Placer Tenure No. PC #636503 approximately as shown on the attached plan.
- i) The works authorized under clause (h) hereof shall be constructed and used in accordance with the approved "notice of work".
- j) Construction of the said works has been completed and the water is being beneficially used. The licensee shall continue to make regular beneficial use of the water in the manner authorized herein.
- k) All waste water generated from the washing of gravels must be directed through a settling pond system to remove suspended solids before being returned to the stream.
- l) All mined or otherwise disturbed ground surfaces including cut banks and fill slopes shall be stabilized to prevent tailings, forest cover, top soil and debris from entering into water courses.

- m) The riparian (vegetation) zone adjacent to Otter Creek shall be protected from all activities associated with placer mining. Placer operations within those aforementioned placer tenured properties shall be prohibited within 10 metres of the high water mark measured from both sides of the stream, including the bed and banks of the stream.
- n) The diversion of water authorized under this licence may be restricted or prohibited at any time by an Order in writing of an Engineer under the Water Act, in order to maintain a minimum flow in the stream for the preservation of fish and other aquatic life.
- o) This Licence is issued in substitution of Conditional Licence 125311.
- p) This licence is valid so long as mining permit P-1-707 is current and in good standing.
