CONDITIONAL WATER LICENCE

The owners of the land to which this licence is appurtenant are hereby authorized to divert and use water as follows:

- a) The stream on which the rights are granted is Good Brook.
- b) The point of diversion is located as shown on the attached plan.
- c) The date from which this licence shall have precedence is March 8, 2013.
- d) The purpose for which this licence is issued is domestic.
- e) The maximum quantity of water which may be diverted for domestic purpose is 2.27305 cubic meters (500 gallons) a day.
- f) The period of the year during which the water may be used is November 1 to May 31.
- g) The land upon which the water is to be used and to which this licence is appurtenant is Block D, District Lot 5858, Group 1, New Westminster District.
- h) The authorized works are screened intake, pipe, portable pump and tank which shall be located approximately as shown on the attached plan.
- i) The construction of the said works shall be completed and the water shall be beneficially used prior to December 31, 2017. Thereafter, the licensee shall continue to make regular beneficial use of the water in the manner authorized herein.
- j) The diversion of water authorized under this licence may be restricted or prohibited at any time by an Order in writing of an Engineer under the Water Act, in order to maintain a minimum flow in the stream for the preservation of fish and/or other aquatic life.
- k) The licensee shall submit to the Regional Water Manager, a Beneficial Use Declaration and a drawing prepared to the water licence application drawing standards showing the point of diversion, area of beneficial use, all associated works, and the legal boundaries of the appurtenant land, on or before December 31, 2017.

- 1) This licence authorizes the use of water for domestic purpose in one dwelling located approximately as shown on the attached plan.
