Water Act

CONDITIONAL WATER LICENCE

The holder of the Crown land tenure, covering the land to which this licence is appurtenant, is hereby authorized to divert and use water as follows:

- a) The stream on which the rights are granted is Boulder Creek, tributary to Lillooet River.
- b) The point of diversion on Boulder Creek, denoted by PD75893 at an elevation of 766 masl, is located as shown on the attached plan.
- c) The date from which this licence shall have precedence is March 5, 2013.
- d) The purpose for which this licence is issued is power and the category for the power is general. The power is to be generated with the Boulder Creek Generating System.
- e) The maximum quantity of water which may be diverted and used under this licence is 4.2 cubic metres per second, subject to the following:
 1. The conditions as specified in Conditional Water Licence C129969 (water file 2002453), and any subsequent amendments of that licence; or
 2. A minimum flow as ordered under clause (k) by the Regional Water Manager.
- f) The period of the year during which the water may be used is the whole year.
- g) The land upon which the water is to be used and to which this licence is appurtenant is the land on which the powerhouse of the Boulder Creek Generating System is situated, held under Lands File 2409998.
- h) The works authorized for the Boulder Creek Generating System are:
 1. An intake for the diversion;
 2. A power tunnel and penstock;
 3. Access road(s);
 4. A powerhouse, tailrace and switch yard; and
 5. Transmission line, a segment of which shall be shared and jointly used with the Upper Lillooet Transmission Line.
- i) The construction of the said works shall be completed and the water shall be beneficially used to prior to December 31, 2016. Thereafter, the licensee shall continue to make regular beneficial use of the water in the manner authorized herein.

- j) This licence is subject to the plans, conditions, approvals, leaves as specified in Conditional Water Licence C129969 (water file 2002453), and any subsequent amendments of that licence.
- k) The diversion of water authorized under this licence may be restricted or prohibited at any time by an Order in writing of an Engineer under the Water Act, in order to maintain a minimum flow in the stream.
- l) The term of this licence is 40 years from the date of issuance of this licence.
