

# Province of British Columbia

## *Water Act*

### CONDITIONAL WATER LICENCE

The owner(s) of the land to which this licence is appurtenant is/are hereby authorized to divert and use water as follows:

- a) The stream on which the rights are granted is Okanagan Lake.
- b) The point of diversion is located as shown on the attached plan.
- c) The date from which this licence shall have precedence is 2nd December, 1986.
- d) The purpose for which this licence is issued is domestic.
- e) The maximum quantity of water which may be diverted is 2.27 cubic meters (500 gallons) per day.
- f) The period of the year during which the water may be used is the whole year.
- g) The land upon which the water is to be used and to which this licence is appurtenant is Lot 2 Section 5 Township 14, Osoyoos Division Yale District, Plan 42515.
- h) The authorized works are screened intake, diversion structure, pump, and pipe, which shall be located approximately as shown on the attached plan.
- i) The construction of the said works shall be completed and the water shall be beneficially used prior to the December 31, 2017. Thereafter, the licensee shall continue to make regular beneficial use of the water in the manner authorized herein.
- j) This Licence is issued in substitution of Conditional Water Licence 105938.
- k) This licence authorizes the use of water for domestic purpose in one dwelling located approximately as shown on the attached plan.

- l) This licence is issued under the Water Act (the Act). The exercise of rights under the licence is subject to the Act and its regulations, the terms and conditions of the licence, orders under the Act and the rights of licensees whose rights have precedence on the stream. The licensee must comply with all such requirements, as well as the provisions of all other applicable enactments. In exercising rights under the licence, the licensee must exercise reasonable care to avoid damaging land, works, trees or other property, and must make full compensation to the owners for damage or loss resulting from construction, maintenance, use, operation or failure of the works.
- m) The pipe authorized under clause (h) hereof shall be installed using a directional drill system.
- n) The works authorized under clause (h) hereof shall be located below 339.0 metres (or 1112.20 feet), Geodetic Survey of Canada datum.
- o) The works authorized under clause (h) hereof shall be constructed during the least risk instream work window, which is between June 1 and September 30.
