Water Act

CONDITIONAL WATER LICENCE

The owners of the land to which this licence is appurtenant are hereby authorized to divert and store water as follows:

- a) The stream on which the rights are granted is Little Cayuse Creek.
- b) The storage site is located as shown on the attached plan.
- c) The date from which this licence shall have precedence is April 15, 2014.
- d) The purpose for which this licence is issued is storage.
- e) The maximum quantity of water which may be diverted for storage is 1,200 cubic metres per year at a rate not to exceed 13.2 cubic metres per day.
- f) The period of the year during which water may be diverted into storage is April 1 to June 30, and the stored water may be used for irrigation purpose as set out in Conditional Water Licence 131616 between April 1 and September 30.
- g) The land upon which the water is to be used and to which this licence is appurtenant is as set out in Conditional Water Licence 131616.
- h) The authorized works are a screened intake, pipe and pond which shall be located approximately as shown on the attached plan.
- i) The construction of the said works shall be completed and the water shall be beneficially used prior to December 31, 2017. Thereafter, the licensee shall continue to make regular beneficial use of the water in the manner authorized herein.
- j) This licence is issued under the Water Act (the Act). The exercise of rights under the licence is subject to the Act and its regulations, the terms and conditions of the licence, orders under the Act and the rights of licensees whose rights have precedence on the stream. The licensee must comply with all such requirements, as well as the provisions of all other applicable enactments. In exercising rights under the licence, the licensee must exercise reasonable care to avoid damaging land, works, trees or other property, and must make full compensation to the owners for damage or loss resulting from construction, maintenance, use, operation or failure of the works.
