### CONDITIONAL WATER LICENCE

The owner(s) of the land to which this licence is appurtenant is/are hereby authorized to divert, use and store water as follows:

- a) The stream on which the rights are granted is unnamed and storage is in two off-channel dugouts.
- b) The storage sites and the point of diversion are located as shown on the attached plan.
- c) The date from which this licence shall have precedence is August 14, 2013.
- d) The purposes for which this licence is issued are water delivery and storage.
- e) The maximum quantity of water which may be diverted for water delivery is 50 cubic metres per day and the maximum quantity which may be used for storage is 1,920 cubic metres per year.
- f) The period of the year during which the water may be used for water delivery and storage is the whole year.
- g) The land upon which the water is to be used and to which this licence is appurtenant is the north east 1/4 of section 30 township 79 range 18 west of the 6th meridian Peace River district.
- h) The authorized works are diversion channel, pump and ponds which shall be located approximately as shown on the attached plan.
- i) The construction of the said works has been completed and the water is being used. The licensee shall continue to make regular beneficial use of the water in a manner authorized herein.
- j) The works authorized under clause (h) hereof shall be maintained to the satisfaction of an Engineer under the *Water Act*.
- k) Changes or modifications to the works authorized under clause (h) hereof may be ordered at any time by an Engineer under the *Water Act* to ensure proper operations of said works.

- l) This licensee shall keep records of actual water use and have these records available.
- m) The diversion of water authorized under this licence may be restricted or prohibited at any time by an Order in writing of an Engineer under the *Water Act*, in order to maintain a minimum flow in the stream.
