Water Act

CONDITIONAL WATER LICENCE

The holder(s) of Mineral Claim 1027429 to which this licence is appurtenant is/are hereby authorized to divert water as follows:

- a) The stream on which the rights are granted is Johnson Creek
- b) The point of diversion is located as shown on the attached plan.
- c) The date from which this licence shall have precedence is August 6, 2014.
- d) The purpose for which this licence is issued is Industrial (dewatering).
- e) The maximum quantity of water which may be diverted for dewatering is the total flow.
- f) The period of the year during which the water may be used is the whole year.
- g) The land upon which the water is to be used and to which this licence is appurtenant is the mining project of the licensee within Mineral Claim 1027429, Skeena Mining District.
- h) The authorized works are a diversion channel which shall be located approximately as shown on the attached plan.
- i) The construction of the said works shall be constructed to the design specifications (1:200 year flood) referenced within the Water Development Plan submitted with the application and shall not commence prior to the approval under the *Mines Act* of the diversion channel as part of the water management plan in the mine plan.
- j) The construction of the said works shall be completed and the water shall be beneficially used prior to December 31, 2018. Thereafter, the licensee shall continue to make regular beneficial use of the water in the manner authorized herein.
- k) When the mining operation is completed, the licensee shall re-establish drainage in the area, to the satisfaction of the Regional Water Manager under the *Water Act*.

Robert Love
Regional Water Manager
