

Province of British Columbia

Water Act

CONDITIONAL WATER LICENCE

The owner(s) of the land to which this licence is appurtenant is/are hereby authorized to divert and use water as follows:

- a) The stream on which the rights are granted is Mammel Creek.
- b) The point of diversion is located as shown on the attached plan.
- c) The date from which this licence shall have precedence is December 30, 2013.
- d) The purposes for which this licence is issued are domestic and stockwatering.
- e) The maximum quantity of water which may be diverted for domestic purpose is 2.27305 cubic meters (500 gallons) per day and the maximum quantity of water which may be diverted for stockwatering purpose is 0.68190 cubic meters (150 gallons) per day.
- f) The period of the year during which the water may be used is the whole year.
- g) The land upon which the water is to be used and to which this licence is appurtenant is Lot 1, District Lot 720, Group 2, New Westminster District, Plan 58779.
- h) The authorized works consist of screened intake, pipe, storage tank, and submersible pump which shall be located approximately as shown on the attached plan.
- i) The construction of the said works shall be completed and the water shall be beneficially used prior to December 31, 2018. Thereafter, the licensee shall continue to make regular beneficial use of the water in the manner authorized herein.
- j) The licence authorizes the diversion and use of water for stock watering purpose and domestic purpose in one house as shown on the attached plan.
- k) The water intake is required to have a screened intake to prevent the entry of aquatic wildlife.

- 1) The stockwatering purpose authorized by this licence is for use outside the wetted perimeter of the source in troughs that must be located more than 30 meters from the source as shown approximately on the attached plan.
