## *Water Act*

### CONDITIONAL WATER LICENCE

The owner of the land to which this licence is appurtenant is hereby authorized to divert & use water as follows:

- a) The stream on which the rights are granted is Moore Creek.
- b) The point of diversion (PD35835) is located as shown on the attached plan.
- c) The date from which this licence shall have precedence is November 23, 1953.
- d) The purpose for which this licence is issued is waterworks.
- e) The maximum quantity of water which may be diverted for waterworks purpose is 4,546.09 cubic metres per day.
- f) The period of the year during which the water may be used is throughout the whole year.
- g) The land upon which the water is to be used and to which this licence is appurtenant is as described by the attached Schedule A and shown on the attached plan.
- h) The authorized works are diversion structures (screened intake), pumphouses, pumps, pipe, distribution system, treatment facility, tank & reservoir, which shall be located approximately as shown on Lapointe Engineering Ltd. Drawings No. 041-6066-C-001-004.
- i) The construction of the said works has been completed and the water is being used. The licensee shall continue to make regular beneficial use of the water in a manner authorized herein.
- j) This licence is issued under the *Water Act* (the *Act*). The exercise of rights under the licence is subject to the *Act* and its regulations, the terms and conditions of the licence, orders under the *Act* and the rights of licensees whose rights have precedence on the stream. The licensee must comply with all such requirements, as well as the provisions of all other applicable enactments. In exercising rights under the licence, the licensee must exercise reasonable care to avoid damaging land, works, trees or other property, and must make full compensation to the owners for damage or loss resulting from construction, maintenance, use, operation or failure of the works.

k) This Licence is issued in substitution of Conditional Water Licence C126673.
