

Province of British Columbia

Water Act

CONDITIONAL WATER LICENCE

The owner of the land to which this licence is appurtenant is hereby authorized to divert and store water as follows:

- a) The stream on which the rights are granted is Bilston Creek and storage of water is in a storm water detention pond.
- b) The point of diversion is located as shown on the attached plan.
- c) The date from which this licence shall have precedence is February 11, 2015.
- d) The purpose for which this licence is issued is land improvement (storm water detention).
- e) The maximum quantity of water which may be diverted for land improvement (storm water detention) purpose is 15,000 cubic metres per year.
- f) The period of the year in which the storm water detention pond may be filled is the whole year and the water retained must be immediately released from storage as flow levels drop.
- g) The land upon which the water is to be used and to which this licence is appurtenant is the land improvement project of the licensee within Lot A, Section 81, Metchosin District, Plan VIP65048.
- h) The authorized works are diversion structure, storm water detention pond and diversion channel (Nesbit Creek realignment channel) which shall be located approximately as shown on the attached plan.
- i) The construction of the said works shall be completed and the water shall be beneficially used prior to December 31, 2018. Thereafter, the licensee shall continue to make regular beneficial use of the water in the manner authorized herein.
