

## Province of British Columbia Water Act

## CONDITIONAL WATER LICENCE

The Ministry of Forests, Lands and Natural Resource Operations, as represented by Public Safety and Protection Branch is hereby authorized to divert water as follows:

- a) The stream on which the rights are granted is Testalinden Creek.
- b) The point of diversion is located as shown on the attached plan.
- c) The date from which this licence shall have precedence is 25 February, 2015.
- d) The purpose for which this licence is issued is Industrial (sediment control).
- e) The maximum quantity of water which may be diverted is the total flow.
- f) The period of the year during which the water may be used is the whole year.
- g) The land upon which the water is to be diverted and to which this licence is appurtenant is the land improvement project of the licensee within Block AK District Lot 2450S Similkameen Division Yale District.
- h) The authorized works are diversion structure, pipe, and settling pond which shall be located approximately as shown on the attached plan.
- i) The construction of the said works has been completed and the works are available to divert water when the sediment is scheduled to be removed from the pond. The licensee shall continue to make regular beneficial use of the water in a manner authorized herein.
- j) This licence is issued under the Water Act (the Act). The exercise of rights under the licence is subject to the Act and its regulations, the terms and conditions of the licence, orders under the Act and the rights of licensees whose rights have precedence on the stream. The licensee must comply with all such requirements, as well as the provisions of all other applicable enactments. In exercising rights under the licence, the licensee must exercise reasonable care to avoid damaging land, works, trees or other property, and must make full compensation to the owners for damage or loss resulting from construction, maintenance, use, operation or failure of the works.
