

Province of British Columbia

Water Sustainability Act

CONDITIONAL WATER LICENCE

The owners of the land to which this licence is appurtenant are hereby authorized to divert and store water as follows:

- a) The stream on which the rights are granted is Hitchner Creek and storage is in Glenrosa Lake.
- b) The storage site is located as shown on the attached plan.
- c) The date from which this licence shall have precedence is 12th August, 1963.
- d) The purpose for which this licence is issued is as set out in Conditional Water License 132536.
- e) The maximum quantity of water which may be diverted to fill the reservoir is 4625.55 cubic meters per annum (3.75 acre feet per year) and the maximum quantity of water which may be used is 4625.55 cubic meters per annum (3.75 acre feet per year), subject to the water being available from storage.
- f) The period of the year during which the water may be used is 1st October to 30th June.
- g) The land upon which the water is to be used and to which this licence is appurtenant is as set out in Conditional Water License 132536.
- h) The authorized works are diversion structure, pipe, control dam, and saddle dam, which shall be located approximately as shown on the attached plan.
- i) The construction of the said works has been completed and the water is being used. The licensee shall continue to make regular beneficial use of the water in a manner authorized herein.
- j) This licence is issued under the Water Sustainability Act (the Act). The exercise of rights under the licence is subject to the Act and its regulations, the terms and conditions of the licence, orders under the Act and the rights of licensees whose rights have precedence on the stream or on an aquifer. The licensee must comply with all such requirements, as well as the provisions of all other applicable enactments. In exercising rights under the licence, the licensee must exercise reasonable care to avoid damaging land, works, trees or other

property, and must make full compensation to the owners for damage or loss resulting from construction, maintenance, use, operation or failure of the works.

- k) The dam authorized under clause (h) is subject to the Dam Safety Regulation and shall be designed, constructed and maintained to the satisfaction of a Dam Safety Officer under the Water Sustainability Act and in accordance with the Canadian Dam Association Guidelines.
- l) This Licence is issued in substitution of Final Water License 53811, in part.
