

Province of British Columbia

Water Sustainability Act

FINAL WATER LICENCE

The owner of the land to which this licence is appurtenant is hereby authorized to divert and use water as follows:

- a) The stream on which the rights are granted is Glenlily Brook.
- b) The point of diversion is located as shown on the attached plan.
- c) The date from which this licence shall have precedence is March 20, 1941.
- d) The purpose for which this licence is issued is irrigation.
- e) The maximum quantity of water which may be diverted for irrigation is 19,430 cubic metres per year.
- f) The period of the year during which the water may be used is April 1 to September 30.
- g) The land upon which the water is to be used and to which this licence is appurtenant is that portion of Lot 1, District Lot 10093, Kootenay District Plan NEP91140 lying east of Moyie River, of which 2.55 hectares may be irrigated.
- h) The authorized works are a diversion structure, tank, pipe and irrigation system which shall be located approximately as shown on the attached plan.
- i) The construction of the said works has been completed and the water is being used. The licensee shall continue to make regular beneficial use of the water in a manner authorized herein.
- j) This licence is issued under the Water Sustainability Act (the Act). The exercise of rights under the licence is subject to the Act and its regulations, the terms and conditions of the licence, orders under the Act and the rights of licensees whose rights have precedence on the stream. The licensee must comply with all such requirements, as well as the provisions of all other applicable enactments. In exercising rights under the licence, the licensee must exercise reasonable care to avoid damaging land, works, trees or other property, and must make full compensation to the owners for damage or loss resulting from construction, maintenance, use, operation or failure of the works.

- k) The diversion of water authorized under this licence may be restricted or prohibited at any time by an Order in writing of an Engineer under the Water Sustainability Act, in order to maintain a minimum flow in the stream for the preservation of fish and other aquatic life.

A handwritten signature in black ink, appearing to read 'D. Hendricks', with a stylized flourish at the end.

Duane Hendricks, P.Eng.
Assistant Water Manager
