

Province of British Columbia

Water Sustainability Act

CONDITIONAL WATER LICENCE

The owner of the land to which this licence is appurtenant is hereby authorized to divert and use water as follows:

- a) The stream on which the rights are granted is Okanagan Lake.
- b) The point of diversion is located as shown on the attached plan.
- c) The date from which this licence shall have precedence is November 9, 1972.
- d) The purpose for which this licence is issued is Domestic.
- e) The maximum quantity of water which may be diverted for Domestic is 2.27305 m³/day.
- f) The period of the year during which the water may be used is January 1 to December 31.
- g) The land upon which the water is to be used and to which this licence is appurtenant is that part of Lot 1, lying north of Okanagan Landing Road, District Lot 6, Osoyoos Division Yale District, Plan 26341, except Plan KAP64313.
- h) The authorized works are Diversion structure (Fully Constructed), Pump (Fully Constructed), Pipe (Fully Constructed), Screened Intake (Partly Constructed) which shall be located approximately as shown on the attached plan.
- i) The construction of the said works has been completed and the water is being beneficially used. The licensee shall continue to make regular beneficial use of the water in a manner authorized herein.
- j) This Licence is issued in substitution of F057130, in part.
- k) This licence authorizes the use of water for domestic purpose in 1 dwelling located approximately as shown on the attached plan.
- l) The water intake must be no less than three (3) metres below the lowest water level of Okanagan Lake.

- m) This licence does not authorize an interconnection to any public water system without the use of a device to prevent backflow.
- n) This licence is issued under the Water Sustainability Act (the Act). The exercise of rights under the licence is subject to the Act and its regulations, the terms and conditions of the licence, orders under the Act and the rights of licensees whose rights have precedence on the stream or on an aquifer. The licensee must comply with all such requirements, as well as the provisions of all other applicable enactments. In exercising rights under the licence, the licensee must exercise reasonable care to avoid damaging land, works, trees or other property, and must make full compensation to the owners for damage or loss resulting from construction, maintenance, use, operation or failure of the works.
