

Province of British Columbia

Water Sustainability Act

CONDITIONAL WATER LICENCE

The owner(s) of the placer tenure to which this licence is appurtenant is/are hereby authorized to divert and use water as follows:

- a) The stream on which the rights are granted is Granite Creek.
- b) The point of diversion is located as shown on the attached plan.
- c) The date from which this licence shall have precedence is January 14, 2016.
- d) The purpose for which this licence is issued is mining placer.
- e) The maximum quantity of water which may be diverted for mining placer is 0.006 cubic metres per second to a maximum of 1,814.40000 cubic metres per year.
- f) The period of the year during which the water may be used is May 1 to September 30.
- g) The placer tenure upon which the water is to be used and to which this licence is appurtenant is Placer Claim Tenure PC 1027171.
- h) The authorized works are screened intake, pump, flow measuring device and pipe which shall be located approximately as shown on the attached plan.
- i) The construction of the said works shall be completed and the water shall be beneficially used prior to December 31, 2019. Thereafter, the licensee shall continue to make regular beneficial use of the water in the manner authorized herein.
- j) This licence is issued under the *Water Sustainability Act* (the Act). The exercise of rights under the licence is subject to the Act and its regulations, the terms and conditions of the licence, orders under the Act and the rights of licensees whose rights have precedence on the stream or on an aquifer. The licensee must comply with all such requirements, as well as the provisions of all other applicable enactments. In exercising rights under the licence, the licensee must exercise reasonable care to avoid damaging land, works, trees or other property, and must make full compensation to the owners for damage or loss resulting from construction, maintenance, use, operation or failure of the works.

- k) The licensee shall install a flow measuring device to the satisfaction of an Engineer under the *Water Sustainability Act*.
- l) The licensee shall retain flow meter records for inspection upon request by an Engineer under the *Water Sustainability Act*.
- m) The diversion of water authorized under this licence may be restricted or prohibited at any time by an Order in writing under the *Water Sustainability Act*, in order to maintain a minimum flow in a stream for the preservation of fish or for maintaining the health of aquatic ecosystems.
