Water Sustainability Act

CONDITIONAL WATER LICENCE

The Regional District of North Okanagan is hereby authorized to divert and use water as follows:

- a) The stream on which the rights are granted is Kalamalka Lake.
- b) The point of diversion is located as shown on the attached plan.
- c) The date from which this licence shall have precedence is November 21, 1930.
- d) The purpose for which this licence is issued is Waterworks: Local Provider.
- e) The maximum quantity of water which may be diverted is 2,389,430 cubic metres per year, provided the maximum daily diversion does not exceed 7,728 cubic metres per day.
- f) The period of the year during which the water may be used is January 1 to December 31.
- g) The land upon which the water is to be used and to which this licence is appurtenant is all the lands within the boundaries of Regional District of North Okanagan.
- h) The authorized works are screened intake, pipe and pump which shall be located approximately as shown on the attached plan.
- i) The construction of the said works shall be completed and the water shall be beneficially used prior to December 31, 2019. Thereafter, the licensee shall continue to make regular beneficial use of the water in the manner authorized herein.
- j) This licence is issued in substitution of Final Water Licence 9242
- k) To construct and maintain the works authorized under clause (h) of this licence, the licensee must follow the recommendations presented in the memorandum prepared by AECOM dated January 25, 2016. This plan details recommendations for the management and mitigation of construction impacts.
- l) The works authorized under clause (h) hereof shall be constructed to operate with a lake elevation of 390.6 to 392.3 metres (1281.7 to 1287.0 feet) Geodetic Survey of Canada datum.

- m) This licence is issued under the *Water Sustainability Act* (the Act). The exercise of rights under the licence is subject to the Act and its regulations, the terms and conditions of the licence, orders under the Act and the rights of licensees whose rights have precedence on the stream or on an aquifer. The licensee must comply with all such requirements, as well as the provisions of all other applicable enactments. In exercising rights under the licence, the licensee must exercise reasonable care to avoid damaging land, works, trees or other property, and must make full compensation to the owners for damage or loss resulting from construction, maintenance, use, operation or failure of the works.
