

Province of British Columbia

Water Sustainability Act

CONDITIONAL WATER LICENCE

The owners of the land to which this licence is appurtenant are hereby authorized to divert water as follows:

- a) The stream on which the rights are granted is Okanagan Lake.
- b) The point of diversion is located as shown on the attached plan.
- c) The date from which this licence shall have precedence is November 3, 1971.
- d) The purpose for which this licence is issued is domestic.
- e) The maximum quantity of water which may be diverted for domestic is 6 cubic meters per day.
- f) The period of the year during which the water may be used is January 1 to December 31.
- g) The land upon which the water is to be used and to which this licence is appurtenant is Lot 1 Section 14 Township 13 and of District Lot 5366 Osoyoos Division Yale District Plan EPP17130 except Plan EPP37864.
- h) The authorized works are screened intake, pumphouse, and pipe which shall be located approximately as shown on the attached plan.
- i) The construction of the said works has been completed and the water is being beneficially used. The licensee shall continue to make regular beneficial use of the water in a manner authorized herein.
- j) The water intake must be no less than three (3) metres below the lowest water level of Okanagan Lake.
- k) This licence authorizes the use of water for domestic purpose in two (2) dwellings located approximately as shown on the attached plan.
- l) The licensee shall install a flow metering or other measuring device to the satisfaction of an Engineer under the *Water Sustainability Act*.

- m) The licensee shall retain flow meter/measurement records for inspection upon request by an Engineer under the *Water Sustainability Act*.
- n) This licence is issued under the *Water Sustainability Act* (the Act). The exercise of rights under the licence is subject to the Act and its regulations, the terms and conditions of the licence, orders under the Act and the rights of licensees whose rights have precedence on the stream or on an aquifer. The licensee must comply with all such requirements, as well as the provisions of all other applicable enactments. In exercising rights under the licence, the licensee must exercise reasonable care to avoid damaging land, works, trees or other property, and must make full compensation to the owners for damage or loss resulting from construction, maintenance, use, operation or failure of the works.
