## *Water Sustainability Act*

### CONDITIONAL WATER LICENCE

The owner of the land to which this licence is appurtenant is hereby authorized to divert and use water as follows:

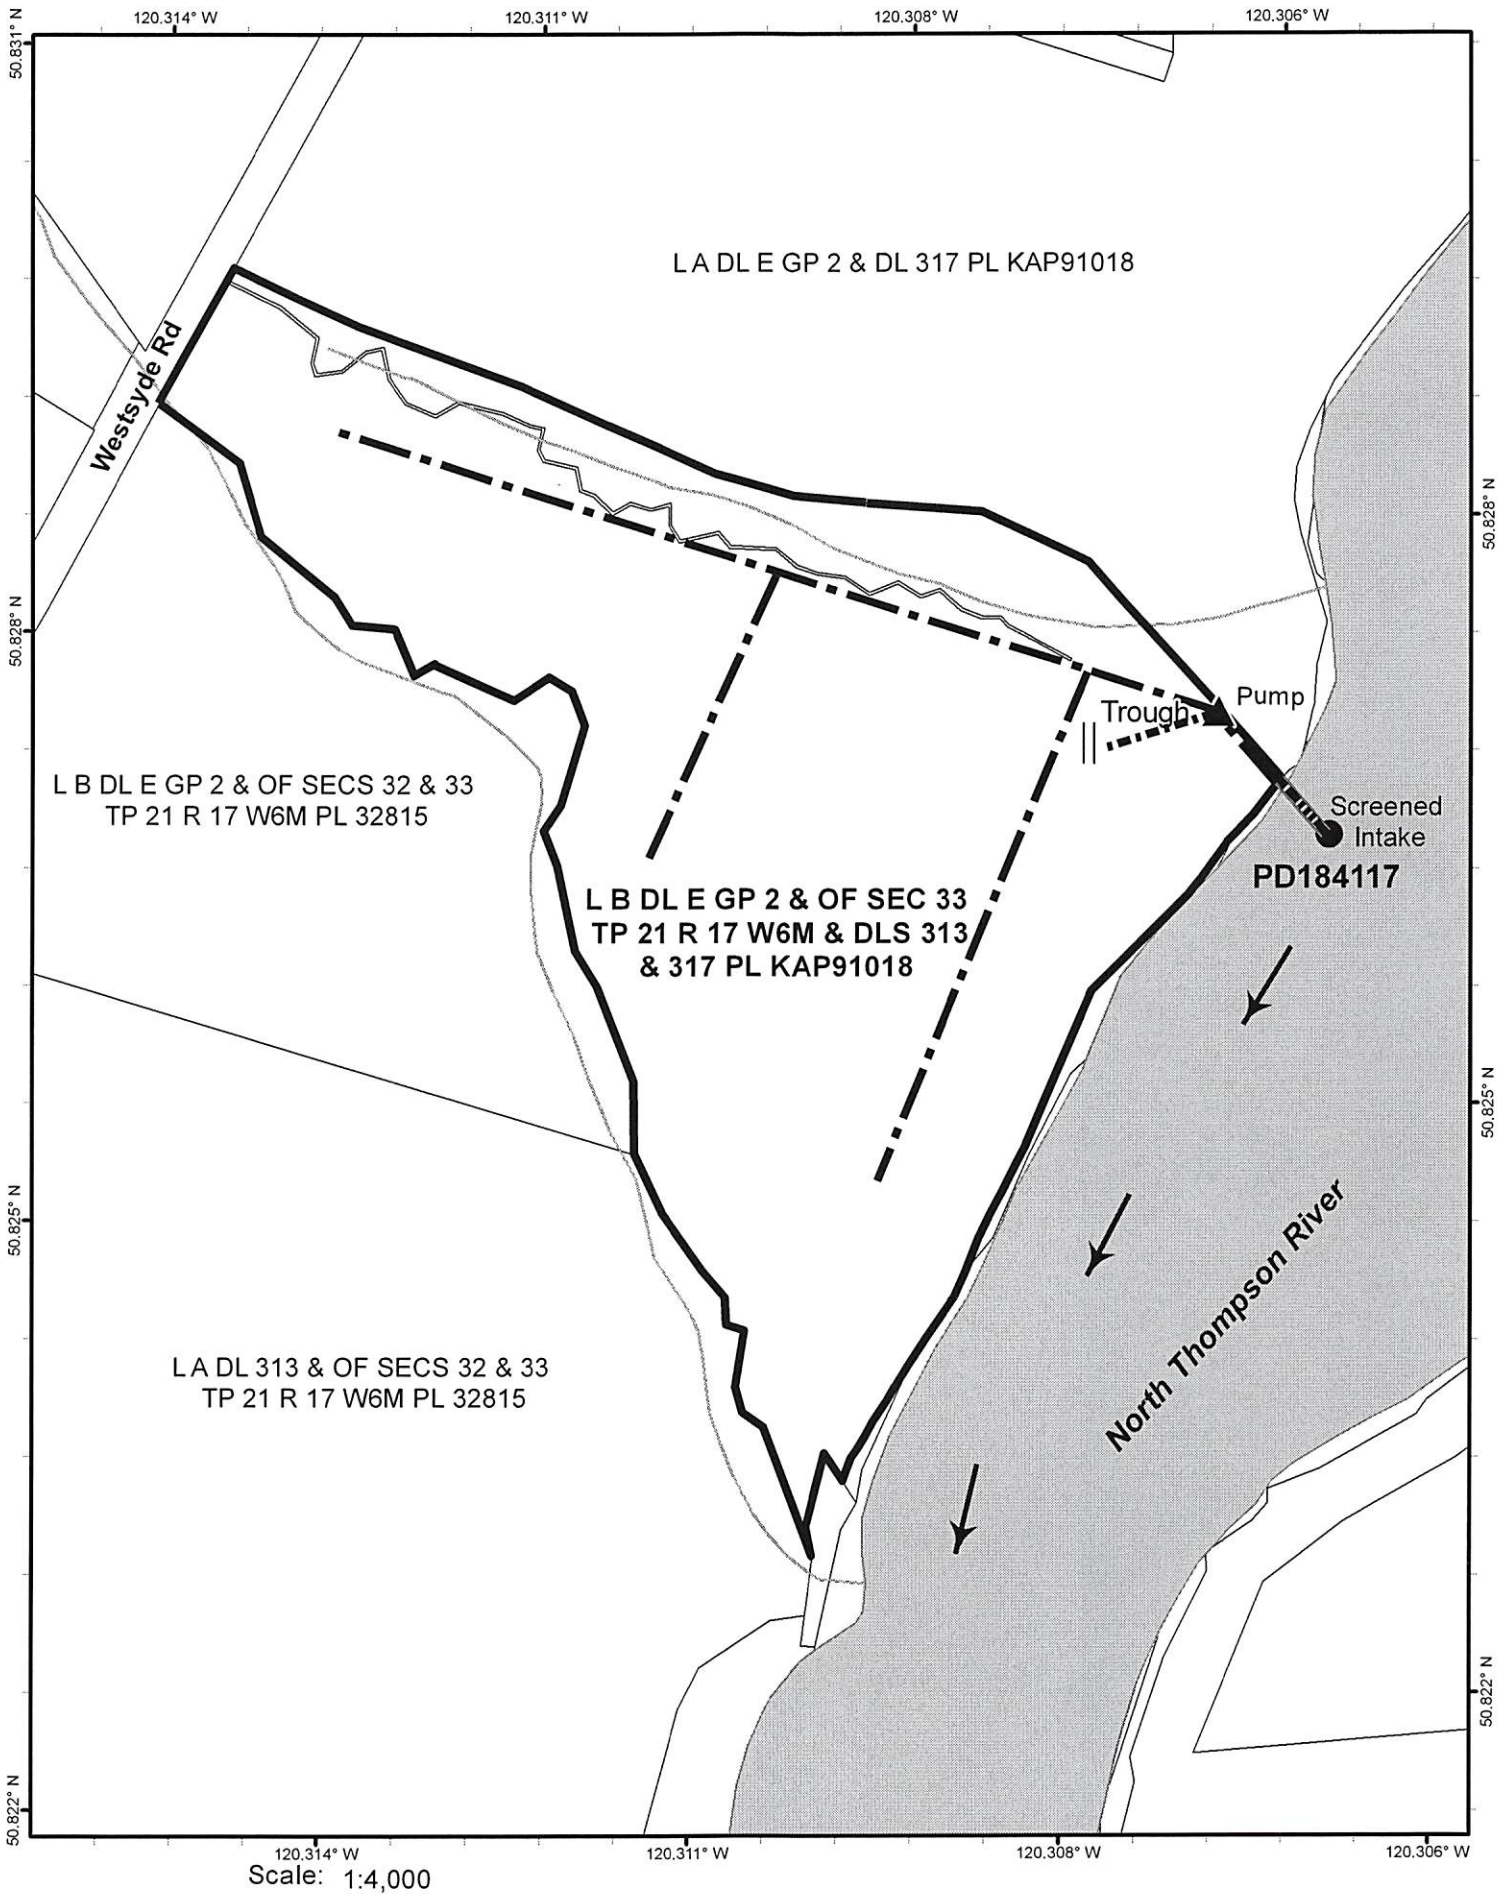

- a) The stream on which the rights are granted is the North Thompson River.
- b) The point of diversion is located as shown on the attached plan.
- c) The date from which this licence shall have precedence is March 11, 2011.
- d) The purposes for which this licence is issued are stockwatering and private irrigation.
- e) The maximum quantity of water which may be diverted for stockwatering 5 m<sup>3</sup>/day and the maximum quantity which may be used for private irrigation is 92511m<sup>3</sup>/year .
- f) The period of the year during which the water may be used for stockwatering is January 1 to December 31 and for private irrigation is April 1 to September 30.
- g) The land upon which the water is to be used and to which this licence is appurtenant is Lot B District Lot E Group 2 Kamloops (formerly Lytton) Division Yale District and of Section 33 Township 21 Range 17 West of the 6th Meridian and District Lots 313 and 317 Kamloops Division Yale District Plan KAP91018 of which 10.117 hectares may be irrigated.
- h) The authorized works are diversion structure, screened intake, pump, pipe, sprinklers, trough, and flow measuring device which shall be located approximately as shown on the attached plan.
- i) The construction of the said works shall be completed and the water shall be beneficially used prior to December 31, 2019. Thereafter, the licensee shall continue to make regular beneficial use of the water in the manner authorized herein.
- j) This licence is issued under the *Water Sustainability Act* (the Act). The exercise of rights under the licence is subject to the Act and its regulations, the terms and conditions of the licence, orders under the Act and the rights of licensees whose rights have precedence on the stream or on an aquifer. The licensee must comply with all such requirements, as well as the provisions of all other applicable enactments. In exercising rights under the licence, the

licensee must exercise reasonable care to avoid damaging land, works, trees or other property, and must make full compensation to the owners for damage or loss resulting from construction, maintenance, use, operation or failure of the works.

- k) The industrial livestock and animal purpose authorized by this licence is for use outside the wetted perimeter of the source in a trough located approximately as shown on the attached plan.

ORDER UNDER THE *WATER SUSTAINABILITY ACT*  
SECTION 26

File No. 3005095

In the matter of Conditional Water Licence 133319, which authorizes the diversion of water from the North Thompson River for stockwatering and private irrigation purposes within Lot B District Lot E Group 2 Kamloops (formerly Lytton) Division Yale District and of Section 33 Township 21 Range 17 West of the 6th Meridian and District Lots 313 and 317 Kamloops Division Yale District Plan KAP91018.

Having determined that the Purpose and Quantity Clauses has been erroneously stated, and being satisfied that no person's rights will be injuriously affected I hereby amend clauses (d) (Purpose) and (e) (Quantity) of the said licence to read as follows:

(d) The purpose for which this licence is issued is Livestock & Animal watering and Irrigation: private.

(e) The maximum quantity of water which may be diverted for Livestock & Animal watering is 1825 cubic meters per year and Irrigation: private is 92511 cubic meters per year.

Dated at Kamloops, B.C. this 1<sup>st</sup> day of November, 2016

Murray Allison  
Assistant Water Manager
