

Province of British Columbia

Water Sustainability Act

CONDITIONAL WATER LICENCE

The owners of the land to which this licence is appurtenant are hereby authorized to divert, use, and store water as follows:

- a) The stream which the rights are granted is Brigade Creek and storage is in Brigade Lake.
- b) The points of diversion are located as shown on the attached plan.
- c) The date from which this licence shall have precedence is November 23, 1907.
- d) The purposes for which this licence is issued are storage and livestock & animal (watering).
- e) The maximum quantity of water which may be diverted for stream storage is 2489 cubic meters per year, and the maximum quantity which may be used for livestock & animal is 2489 cubic meters per year.
- f) The period of the year during which the water may be diverted and stored is October 1 to June 1, and released for livestock & animal (watering) is the whole year.
- g) The land upon which the water is to be used and to which this licence is appurtenant is the livestock and animal project of the licensee within That part of the South $\frac{1}{2}$ of the Northeast $\frac{1}{4}$ of Section 20, Township 17, Range 17, West of the 6th Meridian, Kamloops Division Yale District, which is not contained within the limits of District Lot 456 Kamloops Division Yale District, lying to the right of Brigade Creek. The land upon which the water is to be stored and to which this licence is appurtenant is
- h) The authorized works are a dam, diversion structure, pipe, and trough which shall be located approximately as shown on the attached plan.
- i) The construction of the said works has been completed and the water is being beneficially used. The licensee shall continue to make regular beneficial use of the water in a manner authorized herein.
- j) This licence is issued under the *Water Sustainability Act* (the Act). The exercise of rights under the licence is subject to the Act and its regulations, the terms and conditions of the licence, orders under the Act and the rights of licensees whose rights have precedence on the stream or on an aquifer. The licensee must comply with all such requirements, as well as

the provisions of all other applicable enactments. In exercising rights under the licence, the licensee must exercise reasonable care to avoid damaging land, works, trees or other property, and must make full compensation to the owners for damage or loss resulting from construction, maintenance, use, operation or failure of the works.

- k) The industrial livestock and animal purpose authorized by this licence is for use outside the wetted perimeter of the source in a trough located approximately as shown on the attached plan.
- l) This Licence is issued in substitution of Final Water Licence 048848. With partial reallocation from licence C050379.
