Water Sustainability Act

CONDITIONAL WATER LICENCE

The holder(s) of Mineral Claims 579224 and 579226 to which this licence is appurtenant are hereby authorized to divert and use water as follows:

- a) The aquifers on which the rights are granted are 133 and 134.
- b) The point(s) of well diversion are located as shown on the attached plan.
- c) The date from which this licence shall have precedence is October 8, 2013.
- d) The purpose for which this licence is issued is industrial cooling.
- e) The maximum quantity of water which may be diverted for cooling is 30 cubic metres per day.
- f) The period of the year during which the water may be used is January 1 to December 31.
- g) The land upon which the water is to be used and to which this licence is appurtenant is the mining project of the licensee within Mineral Claims 579224 and 579226.
- h) The authorized works are two wells, which shall be located approximately as shown on the attached plan.
- i) The construction of the said works has been completed and the water is being beneficially used. The licensee shall continue to make regular beneficial use of the water in a manner authorized herein.
- j) This licence is issued under the *Water Sustainability Act* (the Act). The exercise of rights under the licence is subject to the Act and its regulations, the terms and conditions of the licence, orders under the Act and the rights of licensees whose rights have precedence on the stream or on an aquifer. The licensee must comply with all such requirements, as well as the provisions of all other applicable enactments. In exercising rights under the licence, the licensee must exercise reasonable care to avoid damaging land, works, trees or other property, and must make full compensation to the owners for damage or loss resulting from construction, maintenance, use, operation or failure of the works.
- k) The diversion of water authorized under this licence may be restricted or prohibited at any
