Dear Sir/Madam:

Re: Cancellation of a Registration of Water Removal Under the Water Protection Act

Information has been received in this office that there has been a change in ownership of the land to which the registration is appurtenant. The registration of Monashee Spring Water Ltd. under Section 13 of the *Water Protection Act* is appurtenant to Lot 1, District Lot 5708, Cariboo District, Plan PGP37799.

Registration is required to permit the removal of water from British Columbia in containers over 20 litres. 1739026 Alberta Ltd. has acquired from Monashee Spring Water Ltd. the appurtenant lands to the registration. Under Section 13 of the *Water Protection Act*, registration will pass with the disposition of these parcels of land.

Under Section 13 of the *Water Protection Act*,

- 13 (1) The registration of an unlicensed registrant passes with the disposition of the land, mine or undertaking to which the registration is appurtenant.
- (2) On the disposition to any person of the whole or any part of any land, mine or undertaking to which the registration of an unlicensed registrant is appurtenant, the comptroller must:
 - (a) in the case of a disposition of the whole, cancel the registration of the person making the disposition and register the other person as an unlicensed registrant instead of the person making the disposition; or
 - (b) in the case of a partial disposition, amend the registration of the person making the disposition to reflect the disposition and register the other person as an unlicensed registrant in respect of the part disposed of to that other person.

As a consequence, on this date, I have cancelled the registration of Monashee Spring Water Ltd. and have registered 1739026 Alberta Ltd. as an unlicensed registrant under Section 13(2)(a) of the *Water Protection Act*.

Yours truly,

Glen Davidson, P.Eng.
Comptroller of Water Rights
