

**WATER PROTECTION ACT**

Report for an unlicensed registration

The following are the findings of the Comptroller of Water Rights pursuant to Section 14 of the *Water Protection Act*:

**1. Registrant:**

Clearly Canadian Beverage Corporation  
Suite 1900 West Hastings St.  
Vancouver, BC V6C 2W2

**2. Location of Wells and Associated Works**

- There are 3 wells registered to Clearly Canadian Beverage Corporation:
  - Well "A" (also noted as 'well 2' on attached diagrams) is located on Lot 1, Section 20, Tp 5, ODYD Plan 36693, owned by the registrant under certificate of title KD52620. The 6 inch diameter well was reportedly drilled in 1989.
  - Well "B" is located on Lot 1, Section 20, Tp 5, ODYD Plan 30557, owned by the registrant under certificate of title KD52621. The 6 inch diameter well was drilled in 1990.
  - Well "C" is located on Lot 1, Section 20, Tp 5, ODYD Plan 30557, owned by the registrant under certificate of title KD52621. The 6 inch diameter well was drilled in 1991.
- The water from the three wells is conveyed by 2 inch PVC pipe to the main processing room of the Clearly Canadian Beverage Corporation facility on the Well "A" site (7162 Dixon Dam Rd).
- The approximate location of the wells and works associated with this registration is shown on the attached sketches.
- The water is removed in bulk from BC in tanker trucks at the Osoyoos, BC and Aldergrove, BC border crossings.

**3. Appurtenancy**

- This registration is appurtenant to Lot 1, Section 20, Tp 5, ODYD Plan 30557 and Lot 1, Section 20, Tp 5, ODYD Plan 36693.

**4. Annual Volume**

- The highest volume of water taken from the wells in any consecutive 12 month period during the period from June 1, 1992 to May 31, 1995 is 7,050,000 U.S. gallons taken during the period from June 1992 to May 1993.

**5. Registration**

- With the issue of this report, the registrant is hereby registered under section 12 of the *Water Protection Act* and assigned registration number 9.

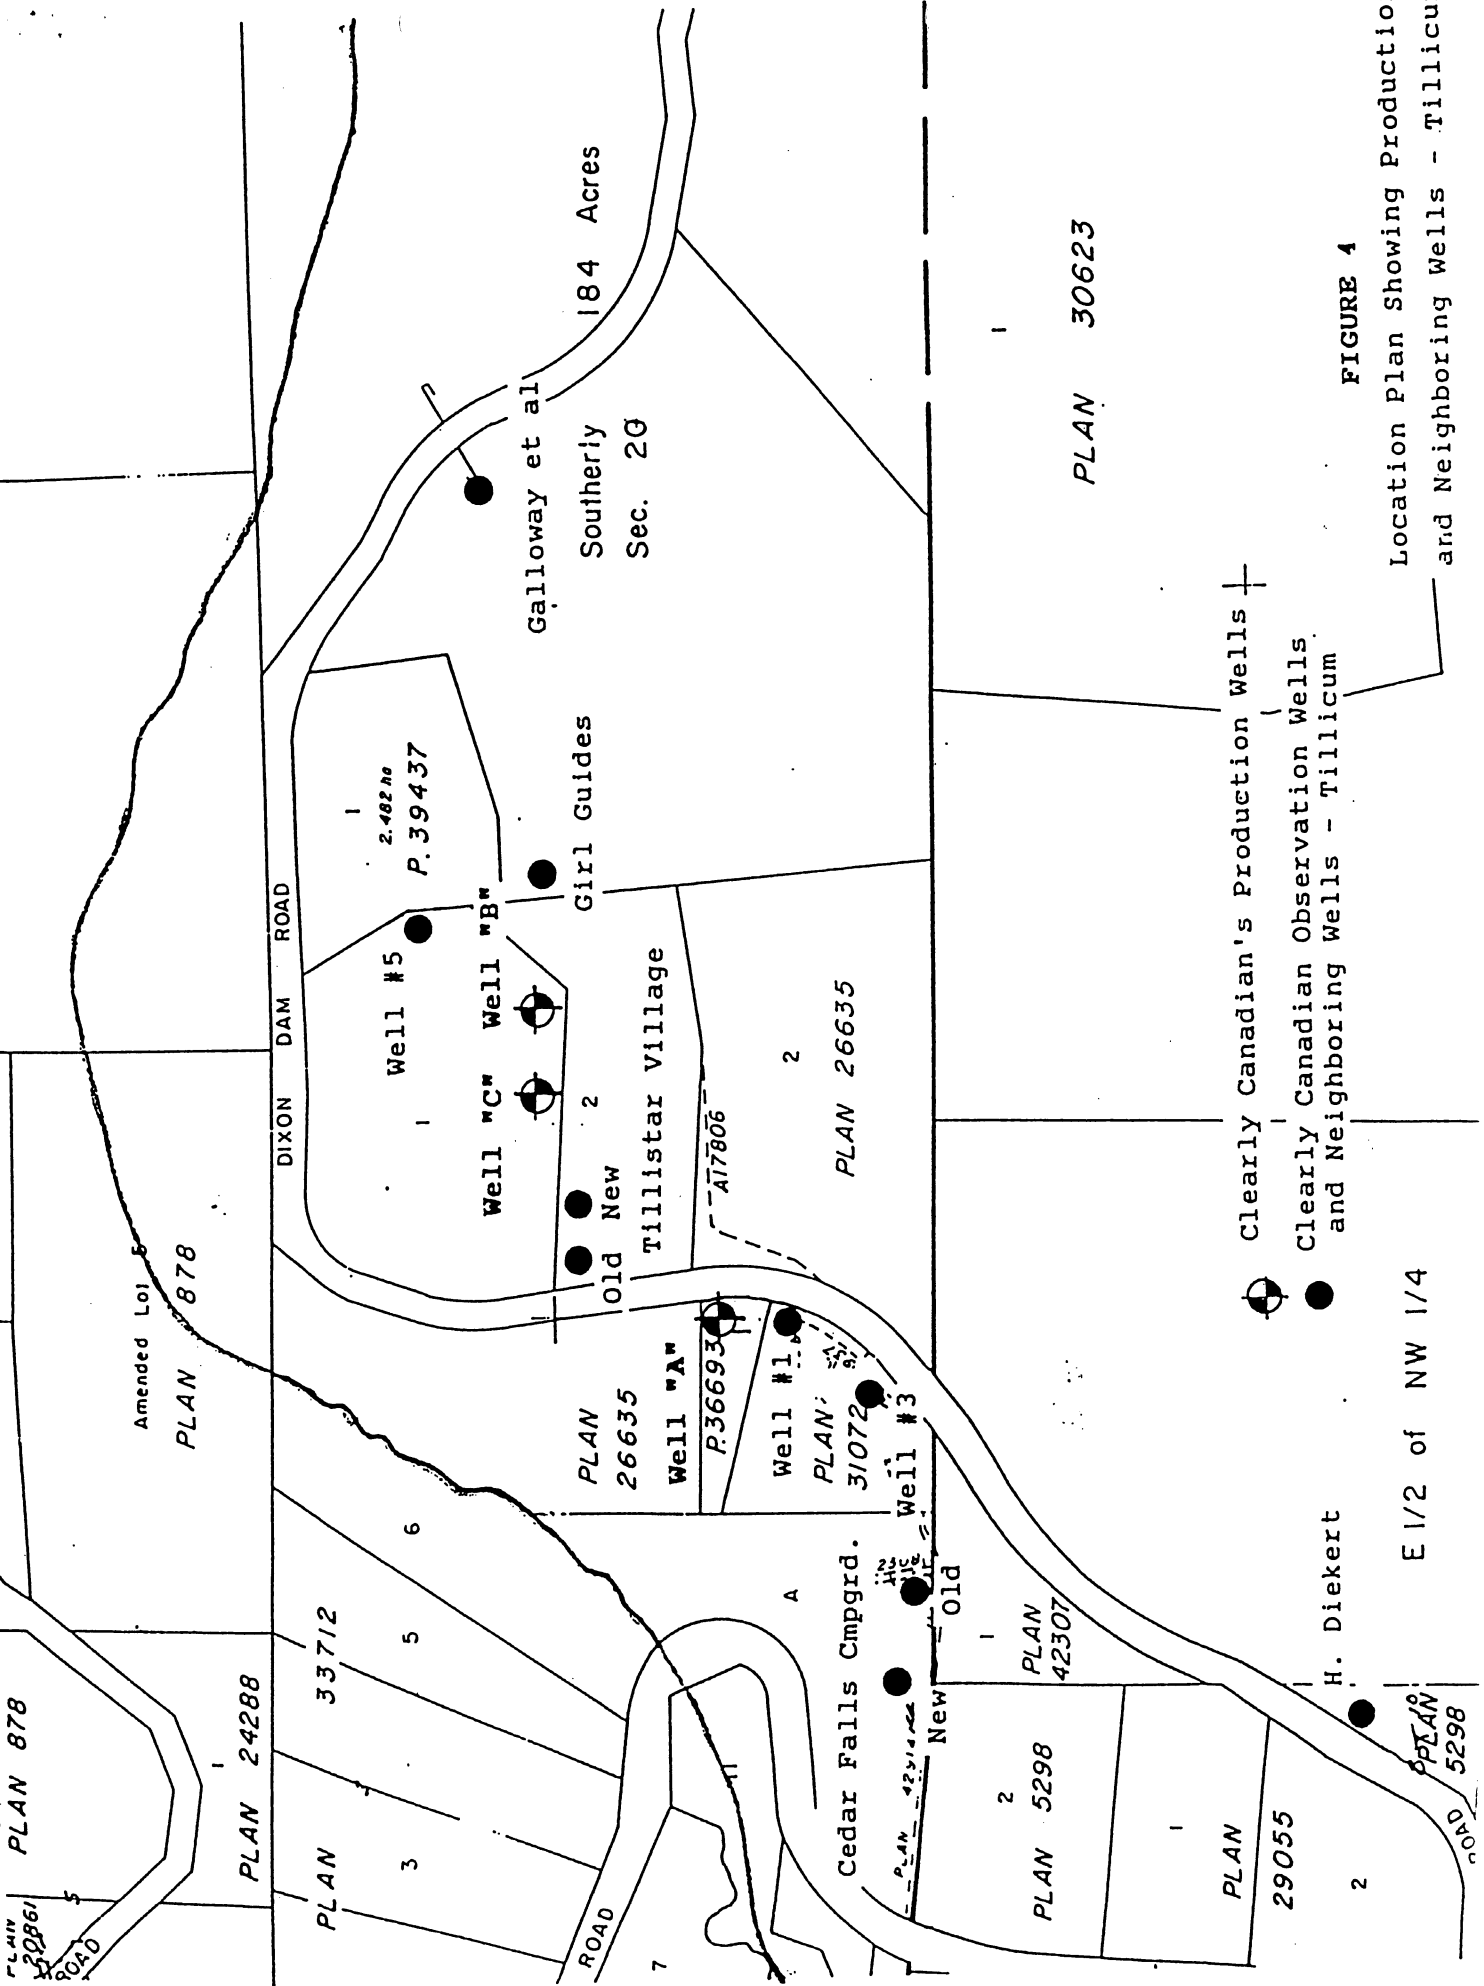

**Dated at Victoria, BC this 15th day of January, 1999.**
